Montana-Dakota Utilities Co. (Montana-Dakota) herewith submits, for the Commission's information, bill impacts for Residential (Rate 10), Small General (Rate 20), and Large General (Rate 30) customers as well as a Large Contract Customer as discussed at the Informal Hearing held on January 22, 2020 in the above referenced Case.

The information provided presents the average monthly change from current rates, both dollar amount and percentage, for each of the following scenarios:

- As filed – Annual revenue requirement recognizing PTCs as earned and includes the 2019 under recovered amount of \$2,840,713;
- Standard PTC - Annual revenue requirement recognizing PTCs as earned (only change from As Filed is the exclusion of the 2019 under recovered amount of \$2,840,713);
- Levelized Return (Victor Method); and
- Levelized PTCs.

As noted, the timing of the recovery of the under recovered balance for 2019 of \$2,840,713 has not been addressed at this time.

Sincerely,

Travis R. Jacobson
Director of Regulatory Affairs
