To Whom it may concern:

On November 15th 2019, I Charles Hanson and employee of Heartland Excavating was at the property of Dollar General in Minot, ND at 1106 NW 4th Ave. Minot, ND. I was at this Dollar General to spread black dirt and level off dirt piles as advised by my supervisor. While on site the General of the project, Rick with BJ Baas asked me to cut in a swale so that the standing water on site could drain off of the property to the river. While doing as I was instructed by Rick a gas line was hit. Once the line was hit all work was stopped by me and I contacted my supervisor.

Thank you,
Charles Hanson
