In re: ONEOK Bakken Pipeline, L.L.C.
Tioga Lateral Pipeline Project
Case No. PU-19-368
Our File No. 072591-000009

Dear Mr. Kahl:

Enclosed for filing in the above-referenced matter, please find eight copies of the 10-Year Spill History, which will be proposed Hearing Exhibit No. 12.

ONEOK provides the following table as a summary of pipeline releases for the past 10 years. ONEOK's North Dakota operations were merged into the company through a transaction that was completed in 2006. From 2006 through 2011, ONEOK's North Dakota operations were substantially less than what it presently owns and operates and were limited to two (2) natural gas processing plants and associated gathering systems, and one (1) natural gas liquids pipeline. Accordingly, the enclosed table includes a list of all pipeline releases equal to or greater than one (1) barrel in the state of North Dakota that ONEOK has confirmed back to 2010.

Please feel free to contact me if you have any questions. Thank you.

Sincerely,

Wade C. Mann
