Paul,

I do not believe the Weed Board has located or hired a qualified Weed Officer.

To answer your question about "specific approvals or permits" for noxious weeds.

To my knowledge, I do not know of any approvals or permits for noxious weeds. However, the State of North Dakota and

Williams County requires all land owners to control any noxious weeds if present on their property.

So, hopefully by the growing season we will have a Weed Officer and if you need help identifying any weeds to

Determine if noxious, you can reach out to the new officer.

Good Luck with your project,

Doug Lalim

CAUTION: This email originated from outside our organization. Please take care when opening attachments or clicking on links.

Mr. Lalim,

I wanted to reach back out to you on behalf of ONEOK Bakken Pipeline L.L.C. (ONEOK) regarding their Tioga Lateral Pipeline Project (Project). As you may know, the Project is slated to go to construction in April 2020.

67 PU-19-368 Filed: 3/6/2020 Pages: 4
Exhibit 11 - Williams County email dated 2-27-20

ONEOK Bakken Pipeline, L.L.C.

Based on a phone call I had with Williams County Weed Board member Warren Froehlich in September 2019 (notes attached) and an email exchange I had with you in October 2019, I do not believe there are any specific county approvals needed related to noxious weeds; however, you had indicated that you were serving as an interim Weed Officer as the previous officer had resigned. Can you confirm that no specific approvals or permits will be required with respect to noxious weeds? Also, if a new Weed Officer has been identified, can you please provide their contact information for future reference?

Thanks,
Paul Hartzheim

Paul,
I am the Building Official for Williams County. When the current Williams County Weed Officer resigned in late July, I was asked to oversee the Weed Control operation to the end of the Season. The Weed Board will be getting together soon to develop an updated job description and start advertising for a qualified applicant for the position. I do not have the knowledge or the expertise to give you the information that you are looking for. I think, if the timing is right, the newly hired Weed Officer will be able to help you with the information. I can tell you that the list of Noxious Weeds in your letter is correct for Williams County Noxious Weed List. Sorry that I cannot help you with the remaining information that you are requesting.
Thanks,

Doug Lalim
