In re: ONEOK Bakken Pipeline, L.L.C.
Tioga Lateral Pipeline Project
Case No. PU-19-368
Our File No. 072591-000009

Dear Mr. Kahl:

On March 13, 2020, ONEOK Bakken Pipeline, L.L.C. (“ONEOK”) provided an update to the Commission regarding the status of remaining easements and 500-foot landowner setback waivers (Docket No. 69). The enclosed information is provided on behalf of ONEOK to supplement the March 13 update.

500-foot Setback Waivers

ONEOK previously informed the Commission that six 500-foot setback waivers remained outstanding. Since this time, ONEOK has acquired a setback waiver for the occupied structure located at approximate milepost 54.5, as identified on the map located in Exhibit B.2 of the Application (Docket No. 1). Eight copies of this setback waiver are enclosed for filing. With respect to the five remaining setback waivers, three landowners are corporate entities with whom ONEOK has commercial accounts, one is a business entity, and one is a private landowner.

Easements

In the March 13 update, ONEOK informed the Commission easements had been acquired for 95 percent of the Project right-of-way and easements remained to be acquired from ten landowners. ONEOK has recently acquired two additional easements, or 96 percent of the Project right-of-way. Of the remaining eight landowners, three are private landowners and/or landowner groups, two are

political subdivisions, and three are corporate entities that have commercial accounts with ONEOK.

ONEOK continues to actively work to secure remaining easements and setback waivers. ONEOK has reached verbal agreements with several landowners which are pending finalization; however, recent events associated with COVID-19 have impacted ONEOK's ability to meet with certain landowners. ONEOK will file all remaining landowner setback waivers with the Commission once they are received and will notify the Commission when 100 percent of the Project right-of-way has been acquired.

Please feel free to contact me if you have any questions. Thank you.

Sincerely,

Casey A. Furey

RE: ONEOK Bakken Pipeline, L.L.C.
Project Notification and Request for Review

Wade A & Melissa C Smith
6094 HWY 85 N
WILLISTON, ND 58801-8200

Please review the attached site map noting the proposed location of an underground pipeline and associated facilities that are included in the Bakken Pipeline, L.L.C., Pipeline application that ONEOK Bakken Pipeline, L.L.C. (ONEOK) intends to file with the North Dakota Public Service Commission. The Project involves the construction of approximately 76 miles of 16-inch-diameter steel pipeline in Williams County, North Dakota.

The attached site map indicates that the Project will be located within 500 feet of your residence or business. By signing below you are confirming that you have no objection to the Project, or the future operation and maintenance of the pipeline. Your cordial cooperation in this manner is greatly appreciated.

Respectfully,

Kristine Mylonakis
