In re: ONEOK Bakken Pipeline, L.L.C.
Tioga Lateral Pipeline Project
Case No. PU-19-368
Our File No. 072591-000009

Dear Mr. Kahl:

On behalf of ONEOK Bakken Pipeline, L.L.C. ("ONEOK"), enclosed for filing in the above-referenced matter is ONEOK's Certification Relating to Route Adjustments with accompanying maps. The enclosed filing is submitted in response to discussions with staff regarding ONEOK's as-built GIS files and map set previously filed in Docket No. 125.

Please feel free to contact me with any questions.

Sincerely,

Casey A. Furey

**STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION**

**ONEOK Bakken Pipeline, L.L.C
16-Inch NGL Pipeline – Williams County
Siting Application**

Case No. PU-19-368

CERTIFICATION RELATING TO ROUTE ADJUSTMENTS

STATE OF OKLAHOMA)
) ss. **DECLARATION OF**
COUNTY OF TULSA) **MATTHEW GILLETT**

The undersigned, MATTHEW GILLETT, hereby states:

1. I am the Director of Project Development for ONEOK Bakken Pipeline, L.L.C. (“ONEOK”), with authority to bind ONEOK to the following, and hereby certifies as follows:
2. In an order dated April 1, 2020, in the above captioned matter (“Order”), the North Dakota Public Service Commission (“Commission”) approved Certificate of Corridor Compatibility No. 214 and Route Permit No. 224 for the construction, operation, and maintenance of a 16-inch diameter, 75-mile-long natural gas liquids transmission pipeline in Williams County, North Dakota (the “Project”). The Project originates at the Hess Tioga Natural Gas Processing Plant in Williams County and terminates at an interconnection near the ONEOK Stateline to Riverview NGL Pipeline.
3. ONEOK hereby provides the Commission with written notice of two locations where GIS of the Project’s as-built route deviates from GIS of the Project’s proposed route within the approved corridor designated by Certificate of Corridor Compatibility No. 214. Both deviations occurred to offset the Project from existing utility lines.
4. The first deviation occurs within Township 156 N, Range 100 W, Section 33 extending slightly into Section 28. The as-built centerline of the Project route deviates from GIS of the proposed Project route to the east by approximately 20 feet between approximate mileposts (MP) 50.2 to 51.1 and deviates up to 43 feet between MP 50.8 and 50.9.
5. The second deviation occurs within Township 155 N, Range 102 W, Section 10. The as-built centerline of the Project route deviates from GIS of the proposed Project route to the west by approximately 100 feet for 0.4 mile between MP 65.8 to 66.2 with the maximum deviation extending up to 115 feet.
6. ONEOK certifies the following:
 - a. The construction activities occurred within the designated corridor;

- b. The construction activities occurred within areas previously surveyed and did not affect any known avoidance or exclusion areas within the designated corridor;
 - c. ONEOK will comply with the Commission's Order, laws, and rules designating the corridor and designating the route.
7. Attached to this Certification as Exhibit A, are Project maps depicting the designated corridor, route, and route deviations. Updated shapefiles containing the as-built route were submitted to the Commission on November 17, 2020 as Docket No. 125.

[Remainder of page intentionally left blank]

I declare, under penalty of perjury under the law of North Dakota, that the foregoing is true and correct.

1/19/2021

Signed on the ___ day of January, 2021, at Tulsa County, Oklahoma, United States of America.

DocuSigned by:

Matt Gillett
