NOTICE OF NONCOMPLIANCE

RE: Case No. PU-19-368, ONEOK Bakken Pipeline, L.L.C., 16-inch NGL Pipeline, Williams County

On January 22, 2021, ONEOK Bakken Pipeline, L.L.C. (ONEOK) filed with the North Dakota Public Service Commission written notice in the form of a Certification Relating to Route Adjustments regarding two locations where the GIS of the pipeline's as built route deviates from the GIS of the pipeline's route designated by the Commission in Case No. PU-19-368.

The first deviation occurs within Township 156N, Range 100W, Section 33 extending slightly into Section 28. The as-built route deviates from the designated route by up to 43 feet. The second deviation occurs within Township 155N, Range 102W, Section 10. The as-built route deviates from the designated route by up to 115 feet. The Commission designated a corridor width of 300 feet centered on the pipeline.

Commission records indicate ONEOK did not file, with the Commission, certifications and supporting documentation required under NDCC 49-22.1-15 before conducting construction activities associated with the route adjustments.

If, in answer to this Notice, ONEOK wishes to supplement the information provided in its January 22 Certification Relating to Route Adjustments, the supplemental information must be filed by February 10, 2021.

You may contact me at 701-328-4077 with any questions concerning this Notice.

Best regards,

Patrick Fahn
Director, Public Utilities Division
