This is Ryan Koosman the owner of RAK Const LLC. I am the builder for the property located at 33 Olive Tree Circle. Neither I nor my employees were doing any dirt work at the time of the utilities incident. My customer Shane Williams asked to borrow my bobcat to prepare his driveway for concrete and hit the utility line which was installed extremely shallow. We immediately notified the utility company of the incident and they fixed it. Again, no one with RAK Const was doing dirt work at the time. If you have further questions, feel free to contact me. Thank you for your time.
