Re: ND One-Call Complaint
Case No. PU-19-383

On December 16, 2019, a ND One-Call Complaint was received from Seth with SRD Excavation alleging that River Rain violated North Dakota Century Code Chapter 49-23 One-Call Excavation Notice System law by failing to mark its underground facilities within 24 inches horizontally.

Staff contacted Seth to confirm the details of his complaint, because the North Dakota One Call system does not have a registered utility by the name of River Rain. Seth confirmed that River Rain is actually Agri Industries, Inc.(Agri). Agri is registered with the One Call system and was listed on some of the example ticket numbers provided by Seth during the phone call.

Based on this information staff believes it is appropriate to change the respondent name on this case from River Rain to Agri Industries, Inc.
