Dear Mr. Kahl:

Otter Tail Power Company (Otter Tail) hereby submits this Supplement to the January 21, 2020 Informational Letter to the North Dakota Public Service Commission (Commission) in the above referenced matter at the request of Victor Schock, Commission staff. The purpose of this letter is to provide Otter Tail's preliminary chart showing a comparison of North Dakota's share of the annual revenue requirement using the three Federal production tax credits methods, the Schock Method, the Pass Through Method and the Levelized Method. This preliminary chart is being used as a guide to understanding the methods from a conceptual perspective as Otter Tail continues its analysis of impacts.
