Re: Non-voluntary Disconnect Report for June 2020.

Montana-Dakota Utilities Co. (Montana-Dakota) herewith electronically submits the Non-Voluntary Disconnect Report for June 2020. There were no non-voluntary disconnects during June 2020.

In March 2020, Montana-Dakota instituted certain measures to help protect employees from exposure to COVID-19 and to curb the potential spread of the virus in customer homes and facilities, including suspending customer disconnections of service for non-payment. As outlined in the Company's June 30, 2020 letter to Mr. Jack Schuh on COVID-19 Service Disconnections, starting September 1, 2020 the credit process will be restarted in the Company's Customer Care and Billing System. At that time, past due accounts will undergo a credit review process at the time the account goes through the designated billing cycle. Accounts qualifying for disconnection will be subject to the credit process from that point forward.

Please contact me at (701) 222-7855 or travis.jacobson@mdu.com if you have questions regarding this filing.

Sincerely,

/s/ Travis R. Jacobson
