Re: Non-Voluntary Disconnect Report April 2020

Great Plains Natural Gas Co., a Division of Montana-Dakota Utilities Co. herewith electronically submits the Non-Voluntary Disconnect Report for April 2020. There were no non-voluntary disconnects during April 2020.

In March 2020, Great Plains instituted certain measures to help protect employees from exposure to COVID-19 and to curb the potential spread of the virus in customer homes and facilities, including suspending customer disconnections of service for non-payment. That measure will be in effect until further notice.

Sincerely,
