Re: Non-Voluntary Disconnect Report July 2020

Great Plains Natural Gas Co., a Division of Montana-Dakota Utilities Co., herewith electronically submits the Non-Voluntary Disconnect Report for July 2020. There were no non-voluntary disconnects during July 2020.

In March 2020, Great Plains instituted certain measures to help protect employees from exposure to COVID-19 and to curb the potential spread of the virus in customer homes and facilities, including suspending customer disconnections of service for non-payment. As outlined in the Company's June 30, 2020 and July 7, 2020 letters to Mr. Jack Schuh on COVID-19 Service Disconnections, starting September 1, 2020 the credit process will be restarted in the Company's Customer Care and Billing System. At that time, past due accounts will undergo a credit review process at the time the account goes through the designated billing cycle. Accounts qualifying for disconnection will be subject to the credit process from that point forward.
