Mr. Hartzheim,

RE: ONEOK Bear Creek NGL Pipeline Pump Stations Project (Stony Johnny Butte and Big Gulch)

The North Dakota Game and Fish Department has reviewed this project for wildlife concerns. We do not believe it will have significant adverse effects on wildlife or wildlife habitat based on the information provided.

**CAUTION:** This email originated from an outside source. Do not click links or open attachments unless you know they are safe.

Mr. Link,

On behalf of ONEOK Bakken Pipeline L.L.C. (ONEOK), please see the attached consultation letter requesting review of ONEOK's Bear Creek Pipeline Pump Stations Project (Project). The Project involves the construction of two new pump stations along ONEOK's existing Bear Creek NGL pipeline in Dunn and McKenzie Counties, North Dakota. A set of maps is included immediately following the letter and an unzipped shapefile of the pump station boundaries is also included for your convenience.

As noted in the consultation letter, the Project will require an amendment of ONEOK's existing North Dakota Public Service Commission Order (PU-15-801), which ONEOK is planning to file in January 2020. Due to the Project schedule, we are respectfully requesting an expedited review of this material to the extent possible.

If you have any questions or need any additional information, please contact me directly or Andrew Hackler of ONEOK at 918-561-5373 or [Andrew.Hackler@oneok.com](mailto:Andrew.Hackler@oneok.com). A hard copy of the attached will be sent to your attention and should arrive later this week.

Sincerely,

**Paul Hartzheim, MS**
