Subject: RE: ONEOK Bear Creek NGL Pump Stations - consultation request (NDGF eagles) - NDPSC project

Paul,

There are no known eagle nests within one mile of either project location. The closest known golden eagle nest is about 4 miles from Big Gulch Pump Station.

Let me know if you have any other questions.

Thanks,
Sandy

Subject: ONEOK Bear Creek NGL Pump Stations - consultation request (NDGF eagles) - NDPSC project

CAUTION: This email originated from an outside source. Do not click links or open attachments unless you know they are safe.

Ms. Johnson,

On behalf of ONEOK Bakken Pipeline L.L.C. (ONEOK), please see the attached consultation letter requesting review of ONEOK's Bear Creek Pipeline Pump Stations Project (Project). The Project involves the construction of two new pump stations along ONEOK's existing Bear Creek NGL pipeline in Dunn and McKenzie Counties, North Dakota. A set of maps is included immediately following the letter and an unzipped shapefile of the pump station boundaries is also included for your convenience.

As noted in the consultation letter, the Project will require an amendment of ONEOK's existing North Dakota Public Service Commission Order (PU-15-801), which ONEOK is planning to file in January 2020. Due to the Project schedule, we are respectfully requesting an expedited review of this material to the extent possible.

If you have any questions or need any additional information, please contact me directly or Andrew Hackler of ONEOK at 918-561-5373 or Andrew.Hackler@oneok.com. A hard copy of the attached will be sent to your attention and should arrive later this week.

Sincerely,

Paul Hartzheim, MS
