The Public Service Commission Staff is reviewing Liberty Midstream Solutions' (Liberty) application. Staff requests Liberty supplement the application by January 31, 2020 with the following:

1. GIS layers for:
  - a. Proposed pipeline route
  - b. Survey area
  - c. Study area
  - d. Oil/Gas well location
  - e. Water well location
  - f. State land
  - g. County boundary
  - h. Township/range
  - i. Section
  - j. Alliance sales line
  - k. Permanent limits of disturbance
  - l. Temporary limits of disturbance
  - m. Boring location
  - n. Vehicle tracking control
  - o. Silt fence
  - p. Trench plug
  - q. Water bar
  - r. Timber matting
  - s. Delineated Features (SWCA)

- t. NHD flowline
  - u. NHD waterbody
  - v. NWI wetlands
  - w. WBI meter station
  - x. WBI Interconnect transmission pipeline
2. A discussion of present and future natural resource development in the area
  3. The effects of the following selection criteria on adverse effects resulting from the location, construction, and maintenance of the facility, and how such effects will be at an acceptable minimum, or how those effects will be managed and maintained at an acceptable minimum:
    - a. Agricultural production
    - b. Family farms and ranches
  4. The percentage of the project pipeline length that is co-located with existing utility corridors
  5. Copies of all correspondence with the North Dakota Geological Survey, and if no correspondence was sent, provide an explanation of why the agency was not notified
  6. The following Project control documents and/or report(s), and for those not complete, provide the status and completion date(s):
    - a. 10-year spill history report
    - b. Construction and environment program plan
    - c. Erosion control plan
    - d. Horizontal directional drilling inadvertent release control and mitigation contingency plan
    - e. Revegetation plan
    - f. Weed management plan
    - g. Dust control plan
    - h. Environmental training plan
    - i. Baseline soil analysis used for determining topsoil depth along the Project route
