Public notice of hearing application

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION
Liberty Midstream Solutions, LLC
8-inch Residue Gas Pipeline -
Mountrail & Williams
Siting Application
Case No. PU-20-022
NOTICE OF FILING AND PUBLIC HEARING
March 4, 2020

A Public Hearing on the application in Case No. PU-20-022 is scheduled at 9:00 AM CT on April 14, 2020, at Neset Consulting Service, 6844 State Highway 40, Tioga, ND 58852.

Liberty Midstream Solutions, LLC (Liberty) filed an application for a certificate of corridor compatibility and route permit concerning the location of approximately 4.7 miles of 8-inch residue gas pipeline in Mountrail and Williams County, North Dakota, as shown on the attached map.

Liberty has also filed an application for waivers of procedures and time schedules established under North Dakota Century Code sections 49-22.1-05, 49-22.1-06, 49-22.1-07, and 49-22.1-10,

and North Dakota Administrative Code section 69-06-01-02 and chapter 69-06-06, requiring separate filings, separate notices, separate hearings, and separate orders on such applications. Liberty has also requested a waiver of the proposed corridor width required under North Dakota Administrative Code section 69-06-05-01(2)(f).

The issues in the application for waiver of procedures and time schedules are:

1. Are the proposed facilities of such length, design, location, or purpose that they will produce minimal adverse effects and that adherence to applicable procedures and time schedules may be waived?
2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

The issues in the application for a certificate of corridor compatibility and a route permit are:

1. Will construction, operation, and maintenance of the facility at the proposed location produce minimal adverse

effects on the environment and upon the welfare of the citizens of North Dakota?

2. Is the proposed facility compatible with the environmental preservation and the efficient use of resources?

3. Will construction, operation, and maintenance of the facility at the proposed location minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.

Parshall School election notice

Notice of Annual School Election
On Tuesday, June 16th 2020, the Parshall School District's annual school board election will be held for the purpose of selecting two (2) board members. Two members from the rural areas (outside the Parshall City limits), with only those qualified electors residing in the rural area eligible to be candidates for the Board or to vote for the eligible candidate of their choice.

Candidates filing for a rural school board position need to have completed forms in the high school business office by 4:00 p.m., Monday, April 13th, 2020 in order to have your name placed on the ballot.

The polls will be open in the High School commons area at 601 N Main from 7:00 a.m. to 7:00 p.m. June 16th, 2019.

(March 13, 2020)

WRITE: Continued from page 1

in the classroom, she added. Over the course of her visits she saw just one rigorous class project, a chemistry lab. Otherwise, questions were aimed at the student's current level of understanding and not where their understanding should be.

"Parshall's teachers have very low expectations of their students because of who they are," Peery said. "I did see some good lessons being done. But the teachers care about the kids maybe a little too much. They say the kids won't do this or that, so their assignments are not very rigorous. There is a feeling (between teachers and students) of 'You don't push my buttons and I won't push yours.'"

Peery said that attitude is very common in small town schools, where students, parents and teachers are all part of the community and socialize together. It leads teachers to not rock the boat, she added.

The lack of rigor and discipline in the classroom has led to grade inflation. Peery said a classroom full of students who are mostly getting Bs on their work should not have 85 percent of the class failing to test to grade level on standardized tests.

Some of the recommendations, in addition to daily writing in all classes and more independent reading were: getting a certified librarian, having more books available in every classroom, and fewer movies in place of reading fine literature.

"Your kids should be reading

Romeo and Juliet, not watching the movie," Peery said. "They are smart enough to read it and understand it."

High School Principal Amber Youngbird echoed Peery's concerns. She asked the school board to consider hiring a professional to develop a comprehensive curriculum for Parshall Schools. She said she would like to bring that person on board as quickly as possible to have the curriculum finished before August.

"Otherwise, we will just spend another year in the same boat," Youngbird said. "We have a lot of turnover this year, and if nothing is in place before the next school year starts we really won't have anything that will help guide our new teachers. We don't have the expertise on staff to write a curriculum. I know I don't have that skill."

Youngbird added that she feels student discipline has actually gotten worse during the current semester. She fears that it will get even worse as spring fever sets in April and May.

In other actions, the school board approved setting elections for the board for June 16. The election will be for the seats of the two rural board members, Kenton Onstad and Billy Moran. One seat is voted on by rural residents of the district and the other is voted on by the district at large. Onstad and Moran both said they are not interested in running for reelection. The deadline to file for a place on the ballot is April 6.

Township meetings

Fertile

Fertile Twp. Annual Meeting to be held on Tuesday March 17th at 1pm at Jim Waldock's residence purpose of meeting to hold election of township officers and to discuss any other township business.

North Dakota Game And Fish News

2020-22 Fishing Regulations Set
North Dakota's 2020-22 fishing proclamation is set, with regulations effective April 1, 2020 through March 31, 2022. Anglers are reminded new fishing licenses are required April 1.

The 2020-22 North Dakota Fishing Guide has a new look. The 52-page document offers the same information, but in a much more user-friendly format. Anglers can find the guide online at the state Game and Fish Department website, gf.nd.gov, or in mid-March at Game and Fish Department offices and license vendors throughout the state.

Noteworthy regulation changes include:

- Lake Ashtabula and Whiteman Dam are added to the list of waters where darkhouse spearfishing is not allowed.

- The smallmouth bass daily limit is increased from 3 to 5 in the Missouri River and lake Sakakawea, Oahe, Audubon, Darling, Ashtabula and Heart Butte.

- Area and time for paddlefish extended snag-and-release days is expanded.

- Fish may be filleted for transport, unless size limits apply, under the following conditions:

1. Each individual portion of the meat removed from a fish is considered a fillet (fish checks and pectoral fins (wings) are not considered as fillets and are legal to transport).
2. Two fillets are counted as one fish, and
3. The packaging of fish must be done in a manner so that the fillets can be readily separated and counted. If fillets are frozen, they must be packaged so that the fillets are separated and thus can be easily counted without thawing.

The 2020-21 fishing licenses can be purchased online by visiting the Game and Fish website. Resident licenses are available March 15, while nonresident fishing licenses are available April 1.

In addition, Senate Bill 2293, passed by the 2019 state legislature, created an aquatic nuisance species program fund in the state treasury. Along with an ANS fee on motorized watercraft that went into effect Jan. 1, this state law also establishes a \$2 surcharge on each resident fishing license and combination license, exception for the resident 65 years of age or older license, permanently or totally disabled license, or a disabled veteran license; and establishes a \$3 surcharge on each nonresident fishing and each nonresident waterfowl license. The ANS surcharge on licenses is in effect with the 2020-21 license.

Nonresident Any-Deer Bow License

The North Dakota Game and Fish Department will have 780 any-deer bow license available to nonresidents in 2020.

Applicants can apply online beginning March 15 on the Game and

Fish website, gf.nd.gov. The deadline for apply is April 15.

Up to five hunters can apply together as a party. A lottery will be held if more applications are received than licenses available. A total of 1,209 people applied in 2019.

The number of nonresident any-deer bow licenses available is 15 percent of the previous year's mule deer gun license allocation.

Pronghorn Hunting Season Statistics

Hunter success during last fall's pronghorn hunting season was 74 percent, according to statistics provided by the North Dakota Game and Fish Department.

Game and Fish issued 1,324 licenses (877 lottery and 447 gratis), and 1,167 hunters took 859 pronghorn, consisting a 786 bucks, 59 does and 14 fawns. Each hunter spent an average of 2.7 days afield.

The 2020 pronghorn hunting season will be determined in July.

Elk, Moose, Bighorn Sheep Applications Online

Elk, moose and bighorn sheep applications are available at the North Dakota Game and Fish Department's website, gf.nd.gov. The deadline to apply is March 25.

A total of 523 elk licenses are available to hunters this fall, an increase of 45 from last year.

A total of 474 moose licenses are available, an decrease of five from last year. Hunting units MIC and M4 will remain closed due to a continued downward trend in moose numbers in the northeastern part of the state.

As stated in the 2020-21 chronic wasting disease proclamation, hunters harvesting an elk in units E2 and E6 or a moose in unit M10 and M11, cannot transport the whole carcass including the head and spinal column outside of the unit.

A bighorn sheep hunting season is tentatively scheduled to open in 2020, depending on the sheep population. The status of the bighorn sheep season will be determined Sept. 1, after summer population surveys are completed. The season was closed in 2015 due to a bacterial pneumonia outbreak.

Bighorn sheep applicants must apply for a license at the same time as moose and elk, but not for a specific unit. Once total licenses are determined for each unit in late summer, the bighorn lottery will then be held and successful applicants will be contacted to select a hunting unit.

Because the bighorn sheep application fee is not refundable as per state law, if a bighorn season is not held, applicants would not receive a refund.

Elk, moose and bighorn sheep lottery licenses are issued as once-in-a-lifetime licenses in North Dakota. Hunters who have received a license through the lottery in the past are not eligible to apply for that species again.

Department Of Mineral Resources Releases Statement On Weekend Drop In Oil Prices

Director of North Dakota Department of Mineral Resources, Lynn Helms, issued the below statements today following an oil price drop of more than 20% between Friday March 6th and Monday, March 9th. Over the weekend the price of West Texas Intermediate crude oil was down as much as a 34%, one of the largest price drops in decades.

* It is never a good time for such a significant price drop, but the timing of this drop does allow the state to plan ahead for the next legislative session and will allow lawmakers to adjust priorities in preparation for the next biennium.

* The price in the North Dakota budget forecast is \$48.50 at the wellhead which we are significantly below at this point. While the impact on revenues from gross production tax and extraction tax will be immediate, it typically takes 3-6 months to work those impacts into any type of revised revenue forecast. Likewise it typically takes 3-6 months for this type of price drop to impact to oil and gas activity.

* Unless prices rebound within the next 30-60 days, we can expect to see an impact to production and field activity. In both 2008 and 2015 similar price drops took two years for prices to fully recover. Oil production will likely remain flat to slightly down during that time.

* This drop is a result of two back to back factors: the expected economic impacts of the widespread virus COVID-19 (coronavirus) and the unexpected dissolution of existing OPEC and Russia production agreements following discussions of proposed additional production restrictions needed to stabilize prices during the COVID-19 outbreak.

Seasonal Load Restrictions Added To Additional Highways

Effective 7:00 a.m. CT, Wednesday, March 11, load restrictions will be added on additional North Dakota Highways across the state. Load limit restrictions will be placed on the following highways:

- * West of and including Hwy 281 to the Montana Border
- * West of and including Hwy 4 from the Jct of Hwy 281 to the Canadian border
- * South of and including Hwy 2 from the Minnesota border to the Montana border

Motorists are encouraged to check the load restriction map daily as restrictions may change quickly due to weather. Statewide seasonal load restriction information is available by calling 511 or online at www.dot.nd.gov/travel-info. Load restriction email updates are also available at <http://www.dot.nd.gov/roadreport/loadlimit/loadlimitinfo.asp>.

Minutes Of White Earth City Council

WHITE EARTH CITY MINUTES
REGULAR MEETING MINUTES
FOR MARCH 3RD, 2020.
LOCATION: CITY HALL 301
MCTAVISH AVE, 58794

Present: Mayor: Gunderson, Alderpersons: Rice, Fladeland and LaBar, Auditor Davis, Deputy Auditor LaBar.

Meeting called to order at 7:01 p.m. followed by the Pledge of Allegiance.

LaBar motioned to approve the agenda and additions. Fladeland seconded, motion carried.

LaBar motioned to approve the reading of the previous meeting minutes. Rice seconded, motion carried.

LaBar motioned to approve the treasurer's report and checks to be written. Fladeland seconded, motion carried.

Adjournment: LaBar motioned to adjourn meeting. Fladeland seconded, motion carried. Adjourned at 7:23 pm.
Michael Davis, Auditor

Powers Lake News

Family and friends gathered at the Viking Room at Grand Hotel in Minot to celebrate LaVon Grubb's 90th birthday on Saturday afternoon. Before moving to Minot, the LaVon and Norman Grubb family made Powers Lake their home. Their four older children (Nolan, Donelda, Zona and Stanton) graduated from Powers Lake High School. Their youngest daughter, Natalie, grew up in Minot. Everyone had a great time renewing acquaintances, reminiscing and visiting.

On March 8th, five young people from St. James - Powers Lake were confirmed at the Church of St. Thomas, The Apostle in Tioga. Those being confirmed were Austyn Cvancara, Ella Edwards, Grace Edwards, Grace Lidstrom and Alyvia Puckett. Bishop Kagan of Bismarck Diocese performed the confirmation Mass. There were also seven con-

firmed from St. Thomas - Tioga and five from St. Michaels - Ray.

Friday afternoon friends gathered at Holy Cross Lutheran Church for the annual World Day of Prayer. An inspiring informative program about Zimbabwe was presented and enjoyed by all. Fellowship followed. Saturday afternoon, Bonnie Jorgenson attended the funeral service for her cousin, Carol Post in Columbus. Todd and Anita Jorgenson attended the service too.

Eloise Rystedt and her sister, Jolene Anderson attended the memorial service held at Edgewood Vista Tuesday afternoon for former residents who have passed away recently. Their mother, Eleanora Anderson had made Edgewood Vista her home for a couple of years. A nice heart-warming service was given in their memory.

Immerse Yourself In North Dakota's Cultural History

Swiss painter Karl Bodmer was the first artist to go into painstaking detail to accurately capture Native American culture in North Dakota. In the early 1830s, Bodmer painted 81 aquatints, the prints of which can be seen today at the Lewis and Clark Interpretive Center in Washburn. The center's Bergquist Gallery displays the prints on a rotation, with no fewer than nine in the gallery at any one time and others displayed throughout the center.

Other museums dedicated to the art, history and culture of Native American tribes in North Dakota can be found in Belcourt, New Town, Fort Yates, and Stanton.

The cowboy is another prominent figure in North Dakota culture and the North Dakota Cowboy Hall of Fame in Medora seamlessly blends the history of ranching, rodeo and Native American photos, displays and videos to bring the cowboy to life.

Scandinavia continues to influence our culture, with recent census data showing that 30% of North Dakotans trace their ancestry to Norway. This culture is on display and celebrated at the Scandinavian Heritage Museum in Minot, which pays homage to the five Nordic countries of Denmark, Finland, Iceland, Nor-

way and Sweden. The German-Russia culture is kept alive at the Welk Homestead in Strasburg, birthplace of famous "Champagne Music Maker" Lawrence Welk. A generation grew up listening to the legendary bandleader, whose musical skills were honed at the homestead that is preserved as a cultural treasure.

The influence of Ukrainians, whose ancestors settled in the Dickinson area, can still be seen today. Learn more about their colorful Easter Egg art and dance at the Ukrainian Cultural Institute. Meanwhile, in Mountain, the annual Deuce of August celebration is dedicated to North Dakotans of Icelandic Heritage.

The North Dakota Heritage Center and State Museum in Bismarck has among its collection a picture of Sitting Bull done by Catherine Weldon, as depicted in the movie "Woman Walks Ahead." The museum is a one-stop source for the arts, culture and history of North Dakota.

ABBREVIATED NOTICE OF INTENT TO AMEND ADMINISTRATIVE RULES RELATED TO GAMES OF CHANCE

North Dakota State Gaming Commission

will hold public hearings to address proposed changes to article 99-01.3 of the N.D. Administrative Code.

Pioneer Room State Capitol
600 E. Boulevard Ave.
Bismarck, ND
Thurs., April 9, 2020
10:00 a.m.

A copy of the proposed rules may be obtained by writing the Office of Attorney General, 600 E Blvd. Ave., Bismarck, ND 58505, calling 701-328-4848, or visiting our web page at attorneygeneral.nd.gov. Also, written comments may be submitted to 600 E Blvd. Ave., Bismarck, ND 58505 until April 20, 2020. If you plan to attend a public hearing and will need special facilities or assistance relating to a disability, please contact the Office of Attorney General at the above telephone number or address at least three (3) days before the hearing. Dated this 28th day of February, 2020. James P. Wang, Chairman

ABBREVIATED NOTICE OF INTENT TO ADOPT AND AMEND ADMINISTRATIVE RULES

relating to Podiatric Medicine

North Dakota Board of Podiatric Medicine (NDBPM)

will hold a public hearing to address proposed changes to the N.D. Administrative Code.

Fort Union Room State Capitol Building
600 East Boulevard Ave.
Bismarck, ND 58505
Tues., April 21, 2020
9:30 a.m.

These rules are not emergency rules.

A copy of the proposed rules may be obtained by emailing dpm@ndpodiatryboard.org, writing to NDBPM, 4309 Kodiak Pl, Bismarck, ND 58503 or calling 701.390.7190. Also, written comments may be submitted to the NDBPM, 4309 Kodiak Pl., Bismarck, ND 58503 until May 5, 2020. If you plan to attend the public hearing and need special facilities or assistance relating to a disability, please contact the North Dakota Board of Podiatric Medicine at the above telephone number or address at least fourteen (14) days prior to the public hearing. Dated this 2nd day of March, 2020. JoDee S. Wiedmeier Executive Director ND Board of Podiatric Medicine

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION Liberty Midstream Solutions, LLC 8-inch Residue Gas Pipeline - Mountrail & Williams Siting Application

Case No. PU-20-022
NOTICE OF FILING AND PUBLIC HEARING
March 4, 2020

A Public Hearing on the application in Case No. PU-20-022 is scheduled at 9:00 AM CT on April 14, 2020, at Neset Consulting Service, 6844 State Highway 40, Tioga, ND 58852.

Liberty Midstream Solutions, LLC (Liberty) filed an application for a certificate of corridor compatibility and route permit concerning the location of approximately 4.7 miles of 8-inch residue gas pipeline in Mountrail and Williams County, North Dakota, as shown on the attached map.

Liberty has also filed an application for waivers of procedures and time schedules established under North Dakota Century

Code sections 49-22.1-05, 49-22.1-06, 49-22.1-07, and 49-22.1-10, and North Dakota Administrative Code section 69-06-01-02 and chapter 69-06-06, requiring separate filings, separate notices, separate hearings and separate orders on such applications. Liberty has also requested a waiver of the proposed corridor width required under North Dakota Administrative Code section 69-06-05-01(2)(f).

The issues in the application for waiver of procedures and time schedules are:

1. Are the proposed facilities of such length, design, location, or purpose that they will produce minimal adverse effects and that adherence to applicable procedures and time schedules may be waived?
2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

The issues in the application for a certificate of corridor compatibility and a route permit are:

1. Will construction, operation, and maintenance of the facility at the proposed lo-

cation produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?

2. Is the proposed facility compatible with the environmental preservation and the efficient use of resources?
3. Will construction, operation, and maintenance of the facility at the proposed location minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers or Braille materials, please notify the Commission at least 24 hours in advance. PUBLIC SERVICE COMMISSION Julie Fedorchak, Commissioner Brian Kroshus, Chairman Randy Christmann, Commissioner Mar. 11, Apr. 8, 2020

N.D. Pastureland Values Decline In 2020

Statewide pastureland values and rents are down in 2020, after peaking in 2019, says Bryon Parman, North Dakota State University Extension agricultural finance specialist. There appears to be some weakness in cash rents and land values for pastureland in North Dakota.

Parman used data in the County Rents and Prices Annual Survey, funded by the North Dakota Department of Land Trusts, to develop the weighted NDSU Regional averages.

Statewide, the average cash rental rate for pastureland is down approximately 5.1%, while pastureland values were down nearly 3%.

Parman notes, "Of the nine identified regions across North Dakota, three are not included in this report as pasture rental and sales data is sparse in the northeastern, northern Red River Valley and southern Red River Valley regions."

Cash rents are down across all regions of North Dakota from 2019 to 2020. The largest drops are in the northwestern region falling 8.2%, the south-central region falling 8.7% and the southeastern region falling 7.6%.

The north-central, southwestern and east-central regions experienced cash rental declines between 1 to 2%, for a statewide average decline of nearly 5%. The most expensive pastureland rental rates continue to be in the southeastern region at \$31.70 per acre or \$44.65 per Animal Unit Month (AUM), while the least expensive is the northwestern region at \$11.1 per acre or \$16.82 per AUM.

"Regionally, pastureland values across North Dakota were more mixed," says Parman. "While the statewide average did decline nearly 3%, some regions show modest increases while others declined, in some cases dramatically."

Two NDSU regions increased modestly in value from 2019 to 2020 including the south-central region and southeastern region. The south-central region increased approximately 1.1% from \$1,042 per acre to \$1,054 per acre, while the southeastern region increased from \$1,437 per acre to \$1,489 per acre or approximately 3.6%.

The two largest declines in pastureland values occurred in the northwestern region and east-central region. The northwestern region fell from \$630 per acre to \$552 per acre or a decline of 12.4% while the east-central region fell from a high in 2019 of \$1,052 per acre to \$948 per acre or a drop of 9.9%.

More modest declines occurred in the southwestern region falling from \$927 per acre to \$881 per acre which is a decline of almost 5% while the north-central region fell 1.1% from \$805 to \$796 per acre. These figures work out to a weighted average decline statewide of approximately 3%.

"The 2020 Department of Trust Lands survey was conducted before the effects of the COVID-19 crisis had a chance to be felt across the livestock industry," says Parman. "Livestock markets have moved dramatically lower in recent weeks and should they persist well below 2019 prices for much of the year, it will likely have an impact on pastureland prices and rents heading into 2021."

Parman concludes, "Also of note will be any government assistance provided to livestock producers, which may help prop-up net incomes during the year. In essence, the drop in pastureland values and rents across North Dakota seen from 2019 to 2020 could continue downward as livestock producers grapple with low prices and uncertainty."

Unemployment Insurance System Now Accepting New Pandemic-Related Claim Types

Job Service North Dakota has successfully implemented programming to accept two new Pandemic related claim types provided by the recently passed federal CARES Act.

With this implementation, Job Service is now able to accept online claims from independent contractors, gig economy workers, self-employed individuals, and workers who may have exhausted the benefits available to them under the regular Unemployment Insurance system.

Although claims will be accepted, the United States Department of Labor has not yet provided guidance to fully process these claims and has told states not to process or pay benefits until they provide the required rules and guidance. The guidance is expected to be provided to all states within the next week. After the receipt of the guidance, Job Service will complete necessary additional programming and begin paying benefits under these programs.

Applicants should go to jobsnd.com and self-select the program they are applying for:

• **Regular Unemployment Insurance (UIICE)** – For individuals who are eligible for regular benefits. These individuals generally receive a W-2 from an employer. Most individuals should select this option. Individuals who are found ineligible for regular unemployment benefits will most likely qualify for PUA benefits if their reason for being unemployed is due to the COVID-19 pandemic.

• **Pandemic Emergency Unemployment Compensation (PEUC)** – For individuals who have used up all their benefits on a regular claim and have not returned to work. This program provides a one-time 13-week extension of regular unemployment benefits for claimants whose benefit year end has not passed. This program will primarily assist those individuals who are seasonal workers laid off in the fall or winter who have used up all their benefits but due to the pandemic are not being called back to work.

Individuals who are independent contractors, self-employed, gig workers, business owners, etc., who are unemployed due to the pandemic.

Federal Pandemic Unemployment Compensation (FPUC) is another program outlined in the CARES Act to provide for the addition of \$600 to each unemployment insurance benefit payment made to an individual, whether on the regular unemployment insurance program or any of the new programs within the CARES Act. This will automatically apply to all claims, with no additional action necessary for claimants. Job Service is awaiting guidance on this program from the United States Department of Labor. It is expected that this benefit will be added to all benefit payments issued starting the week of April 12-18 and will be added to all Unemployment Insurance benefit payments for weeks of unemployment beginning Sunday, March 29, 2020 and ending no later than July 31, 2020.

File a claim for one of these 3 new programs at www.jobsnd.com

Dakota Datebook: Lunching With MacArthur

By Merry Helm

William Stern of Fargo and Warren Magnuson of Moorhead were good friends and were together in Asia when the supreme commander of the allied forces was relieved of his post during the Korean War. The official story says Gen. Douglas MacArthur learned of his dismissal while having lunch with visitors on April 11, 1951.

Stern and Magnuson were the two guests at that lunch; as Magnuson remembered it, the general learned President Truman was giving him the boot while they were still in the room, but Stern said they'd already left when the bad news came. Either way, a mass of reporters pressured the two men for MacArthur's reaction.

"That afternoon was like a nightmare," Stern later said. "Wire service reporters hounded Magnuson and me wherever we went."

"Dakota Datebook" is a radio series from Prairie Public in partnership with the State Historical Society of North Dakota and with

funding from the North Dakota Humanities Council. See all the Dakota Datebooks at prairiepublic.org.

Powers Lake Senior Center continues to serve senior meals on Monday, Wednesday, Friday with some needed changes. The Food Barn will cater the meals. The senior center staff will package the meals to be delivered or picked up. If interested in participating, call 464-5630 by 8:00 a.m. the day of the meal. Snowbirds have been arriving home from their winter destinations. Some by plane, and others have chosen to cancel their flights and return by car. Once home, self quarantine for two weeks has taken place. Looking forward to seeing everyone out and about after these trying times.

Prairie Fare: Enjoy More Family Meals During The Coronavirus Pandemic

By Julie Garden-Robinson, Food and Nutrition Specialist NDSU Extension

"We're going to gain 10,000 pounds if you keep cooking and baking like this," my husband said as he glanced in my direction.

Did I mention he tends to exaggerate a little?

"How many pieces of banana cake have you had?" I asked.

"This is my second piece," he replied without even a slight bit of remorse.

"The cream cheese frosting is really good," he added as he placed a large piece on his plate.

I think we will gain only 5,000 pounds. Or perhaps 5 pounds.

I won't add to your family's weight by printing the recipe. However, I know people will ask me for it, so check out <https://www.allrecipes.com> and search for "Banana Cake VI."

Like any treat, cut the pieces small. Store the remaining cake in your refrigerator. Actually, you might want to put a lock on the refrigerator.

However, my sweet-toothed husband would figure out how to dismantle a lock.

Cooking and baking are stress relievers for me, especially during this time of uncertainty in the coronavirus pandemic. Our kids appreciate the fancier meals that happen when we have more time to focus on food preparation.

For example, we had a Thanksgiving dinner the other day. My kids looked at me a bit oddly but loved it. We also had a lot of leftover turkey to use in planned-over meals.

Another day, we enjoyed a beef roast and all the fixings. We made barbecue beef sandwiches the next evening.

We continue to support our local restaurants as well, so we order drive-up or delivery at about the same rate as pre-COVID-19. We want the restaurants to be in business later, so they need our support.

Families and individuals are spending more time at home and eating together more often, sometimes "seeing" each other using technology. That's a silver lining as we huddle in place.

As numerous studies have shown, eating more meals as a family has numerous benefits.

According to researchers, eating more family meals may have more benefits than some extracurricular activities. However, kids who have missed attending the prom and sports tournaments, and participating in music and theater performances might not agree at this point in their lives.

Eating as a family is a routine that is reassuring for everyone.

Researchers have shown that children who eat more meals with their families are more likely to earn mostly A's and B's, compared with kids who eat fewer times with their families. Children who eat with their families improve their communication skills and build their vocabularies. Even the occasional bickering session among siblings builds communication skills. Family meals provide structure,

stability and feelings of belonging. As a result, children who eat meals more often with their families are less likely to engage in risky behavior, such as drinking alcohol, smoking or drug abuse. They're also less likely to be depressed and less likely to have eating disorders.

A family who eats together enjoys more nutritious meals, too. Kids who eat more often with their families eat more fruits and vegetables, more calcium-rich foods and less high-fat, highly sweetened foods. They're more likely to meet their needs for fiber, iron, vitamin E and folate, too.

Do you ever run out of conversation topics during meals? We can help. My colleague Kim Bushaw, family science specialists, created 60 conversation starters. You can access them on the Family Table website: <https://www.ag.ndsu.edu/familytable>.

Here are a couple of conversation starters from the collection: What is your super power (something you do really well)? What food would you like to try if you were feeling extra brave about trying something new?

To help with a collaborative family meal, here's an easy recipe courtesy of the North Dakota Wheat Commission (<https://www.ndwheat.com>). This recipe is featured in "7 Steps to Making a Pizza," which is a publication in our "Pinchin' Pennies in the Kitchen" series of 26 handouts. The handout lists a variety of toppings and more recipes, including a cauliflower crust. Try setting up a make-your-own pizza buffet with a variety of toppings.

Visit <https://www.ag.ndsu.edu/food> and click on "Food Preparation" to view a wide range of free materials, including the "Pinchin' Pennies" series, as we navigate our present journey.

- Whole-wheat Pizza Crust
3/4 c. whole-wheat flour
3/4 c. all-purpose flour
1 package quick-rising yeast (2 1/4 tsp.)
3/4 tsp. salt
1/4 tsp. sugar
1/2 c. warm water (120 to 130 F)
2 tsp. extra-virgin olive oil or other oil

Combine whole-wheat flour, all-purpose flour, yeast, salt and sugar in a mixing bowl. Stir to mix dry ingredients. In a separate bowl, combine hot water and oil (water should be 120 to 130 F); gradually combine water mixture with dry ingredients until a sticky ball forms. If dough is too dry, add 1 to 2 Tbsp. warm water; if dough is too sticky, add 1 to 2 Tbsp. flour. Using a stand mixer, process dough for one minute to knead. Spray a sheet of plastic wrap with cooking spray and cover bowl, allowing dough to rest for 10 to 20 minutes before rolling. Preheat oven to 450 F and roll out dough (13-inch circle). Brush crust with olive oil and poke with fork. Top with your favorite toppings and bake for about 15 minutes or until cheese has melted and crust is browned.

Makes 10 servings (slices). Each serving of the crust has 80 calories, 1.5 grams (g) fat, 3 g protein, 14 g carbohydrate, 1 g fiber and 180 milligrams sodium.

Burgum Announces Workforce Coordination Center To Serve Emergency Needs During COVID-19 Pandemic

Gov. Doug Burgum last week announced the activation of North Dakota's Workforce Coordination Center (WCC) to serve emergency workforce needs in support of health care providers, industries and agencies affected by COVID-19.

The WCC, which was set up through collaboration between several state agencies, is seeking individuals willing to help with the COVID-19 situation who have experience in the following sectors:

- Health care and public health
Law enforcement, public safety and first responders
Emergency shelters, congregate living facilities, drop-in centers
Child care
Food and agriculture
News media
Energy
Water and wastewater
Critical manufacturing

Those who are out of work, retired or just want to help are asked

to consider volunteering during this emergency situation. The WCC is seeking both volunteers and paid staff. Applicants will be matched with a business or agency that needs their help.

The WCC also will facilitate businesses' need for workers for COVID-19 related services. North Dakota businesses that have a workforce need related to the COVID-19 situation are encouraged to contact the WCC. The WCC will work to connect businesses with the volunteers and workforce they need to fit their needs for these critical skill sets.

To get started, contact the Job Service North Dakota Workforce Center at (701) 328-0400, or go to www.jobsnd.com/covid-19.

For more information on the state's COVID-19 response, visit www.health.nd.gov/coronavirus or www.ndresponse.gov.

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION Liberty Midstream Solutions, LLC 8-inch Residue Gas Pipeline - Mountrail & Williams Siting Application

Code sections 49-22.1-05, 49-22.1-06, 49-22.1-07, and 49-22.1-10, and North Dakota Administrative Code section 69-06-01-02 and chapter 69-06-06, requiring separate filings, separate notices, separate hearings and separate orders on such applications. Liberty has also requested a waiver of the proposed corridor width required under North Dakota Administrative Code section 69-06-05-01(2)(f).

A Public Hearing on the application in Case No. PU-20-022 is scheduled at 9:00 AM CT on April 14, 2020, at Neset Consulting Service, 6844 State Highway 40, Tioga, ND 58852.

Liberty Midstream Solutions, LLC (Liberty) filed an application for a certificate of corridor compatibility and route permit concerning the location of approximately 4.7 miles of 8-inch residue gas pipeline in Mountrail and Williams County, North Dakota, as shown on the attached map.

Liberty has also filed an application for waivers of procedures and time schedules established under North Dakota Century

The issues in the application for waiver of procedures and time schedules are:

- 1. Are the proposed facilities of such length, design, location, or purpose that they will produce minimal adverse effects and that adherence to applicable procedures and time schedules may be waived?
2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

The issues in the application for a certificate of corridor compatibility and a route permit are:

- 1. Will construction, operation, and maintenance of the facility at the proposed lo-

cation produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?

- 2. Is the proposed facility compatible with the environmental preservation and the efficient use of resources?
3. Will construction, operation, and maintenance of the facility at the proposed location minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers or Braille materials, please notify the Commission at least 24 hours in advance.

PUBLIC SERVICE COMMISSION Julie Fedorchak, Commissioner Brian Kroshus, Chairman Randy Christmann, Commissioner Mar. 11, Apr. 8, 2020

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION Northern Divide Wind, LLC 200 MW Northern Divide Wind Energy Center - Burke Siting Application

Northern Divide Wind, LLC 345 kV Transmission Line - Burke & Mountrail Siting Application

NOTICE OF FILINGS AND NOTICE OF CONSOLIDATED HEARING February 19, 2020

A consolidated Public Hearing on the applications in Case No. PU-19-376 and Case No. PU-19-377 is scheduled to begin April 17, 2020 at 9:30 a.m. CDT, at Memorial Hall, 100 Main Street NW Bowbells, ND 58721.

On December 5, 2019, in Case No. PU-19-376, Northern Divide Wind, LLC filed an application for a Certificate of Site Compatibility to construct an up-to 200 MW

Northern Divide Wind Energy Center consisting of up to 76 wind turbine generators and associated facilities in Burke County North Dakota, as shown on the attached map.

Also on December 5, 2019, in Case No. PU-19-377, Northern Divide Wind, LLC filed combined applications for a corridor certificate and route permit to construct approximately 41 miles of 345 kV electric transmission line and associated facilities extending from the 200 MW Northern Divide Wind Energy Center in Burke County to Basin Electric's Tande Substation in Mountrail County, North Dakota, also as shown on the attached map.

Believing that there will be no prejudice to the rights of the parties or the public interest, and finding the cases involve similar questions of law and fact, the Commission is consolidating these cases for hearing under North Dakota Admin. Code section 69-02-04-04.

The issues to be considered are:

1. Will the location and operation of the

- proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.

ADVERTISEMENT FOR BIDS

13), and all necessary grading and restoration required as depicted in the Drawings and Project Manual for the Project. Alternate 1 includes additional materials for expansion of the existing sanitary sewer collection system. Alternate 2 includes 1,845 LF of 18-inch HDPE Storm Sewer pipe and other items for installation of new storm sewer.

All Bids are to be submitted on the basis of cash payment for the Work and Materials, and are to be enclosed in a sealed envelope addressed to the undersigned City of Wildrose Auditor, accompanied by a separate envelope containing a Bidder's Bond in the sum equal to 5% of the full amount of the Bid, executed by the Bidder as Principal, and by a Surety, conditioned that if the Principal's Bid is accepted and the contract awarded to the Principal, the Principal, within ten days after notice of award, shall execute a Contract in accordance with the terms of the Bid and Performance and Payment Bonds as required by the law and regulation and determinations of the Owner. If a successful bidder does not execute a contract

within the ten days allowed, the bidder's bond must be forfeited to the governing body and the project awarded to the next lowest responsible bidder. Countersignature of a Bid Bond is not required. Bidders shall be licensed for the full amount of the Bid, as required by Section 43-07-07 of the North Dakota Century Code.

No Bid may be read or considered if it does not fully comply with the requirements of Section 48-01.2-05 of the North Dakota Century Code. Any deficient Bid received will be resealed and returned to the Bidder immediately.

Bidders on this work will be required to comply with Title 40 CFR Part 33- Participation by Disadvantaged Business Enterprises in the United States Environmental Protection Agency Programs. The requirements for bidders and contractors under this regulation concern utilization of Minority Business Enterprises (MBE), Women's Business Enterprises (WBE), and Small Business Enterprises (SBE) and are explained in the specifications.

The goal for MBE is 2% of the

total dollar value of the project.

The goal for WBE is 3% of the total dollar value of the project.

Bidders shall demonstrate a good faith effort to solicit for MBE and WBE subcontractors. The completed MBE/WBE Solicitation Information sheet must be provided in the outer bid security envelope. Failure to include this information will result in the bid not being opened.

Bidders on this work will be required to comply with the President's Executive Order No. 11246, as amended. The requirements for bidders and contractors under this order are explained in the specifications.

Bidders on this work will be required to comply with American Iron and Steel requirements of the Consolidated Appropriations Act, 2014. The requirements for bidders and contractors under this regulation are explained in the specifications.

The Owner reserves the right to hold all Bids for 60 days, to reject any or all Bids and to waive any informality or irregularity in any Bid. There shall be endorsed upon the

outside of the envelope containing the Bid, the following:

1. "Wildrose Sewer Replacement - 2020"

2. The name of the person, firm, corporation, or joint venture submitting the Bid.

3. Acknowledgement of Addendum, if any.

4. The Bidder's Contractor's License or Contractor's License Renewal Number.

The Work will be substantially complete on or before October 7, 2020 and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions on or before October 21, 2020. If the work is not completed by the times listed above the liquidated damages will start and continue until work is completed.

By Order of the City Council, Wildrose North Dakota.

Dated This ___ th day of March 2020

By: Sophia Reisig, City Auditor
City of Wildrose, North Dakota
