**Re: Liberty Midstream Solutions, LLC  
Case No. PU-20-022  
Alliance Sales Line**

Dear Mr. Schock:

Liberty Midstream Solutions, LLC (“Liberty”) is in receipt of Mr. Fahn’s letter dated March 21, 2022 requesting an update of the construction that has occurred with respect to the above-referenced project (“Project”) and any future construction plans for the Project. Please be advised that there have been no construction activities to date with respect to the Project. Current development plans would necessitate commencing construction of the Project in 2024, unless Northern Border Pipeline enacts a stricter limitation on their acceptable Btu content prior to that. If applicable, Liberty will comply with the provisions of § 49-22.1-16 of the North Dakota Century Code prior to commencement of construction of the Project and will, in all instances, comply with the Commission’s May 13, 2020 Order in the above-referenced case upon commencement of construction activities.

Should you have any questions, please advise.

Sincerely,

LAWRENCE RENDER

LB/kl
