RE: PU-21-35: Northern States Power Company's request for jurisdictional determination for its Gas Capacity Expansion Project in Fargo/West Fargo

Dear Mr. Harris:

On January 14, 2021, Northern States Power Company (NSP) submitted a Request for Jurisdictional Determination regarding a pipeline project intended to expand natural gas capacity for service in the Fargo/West Fargo area (Request).

Please provide the following information to supplement the Request:

- A general map similar to Figure 1 in the Request showing the Fargo/West Fargo service area and identifying the location of all distribution centers (points of demarcation between transmission and distribution) in relation to the pipeline segment that is proposed to be constructed.
- The name of the owner of each transmission pipeline connecting at those distribution centers/points of demarcation.
- The value for 20 percent of SMYS for the project pipe and the hoop stress at which the project pipe will operate.

Best regards

Brian Johnson
Commission Counsel
