North Dakota Public Service Commission

Pursuant to the Federal Communications Commission's FCC 15-70 Order, allowing interconnected VoIP providers to obtain resources directly from the North American Numbering Plan Administrator and/or the Pooling Administrator, Terra Nova Telecom, Inc hereby notifies this Commission of its intent to request the resources identified below. We are providing this notice at least 30 days prior to requesting numbers from the Numbering Administrators, and we understand that we must provide any changes to the contact information within thirty (30) days.

We intend to request contaminated blocks wherever possible to conserve resources, and may not request resources immediately in areas which have no available blocks. Our OCN is 145J. Because we will request contaminated blocks as available at the time of request, we do not know the specific NPA at this time. All requests are for initial blocks, none for growth, and will be for a single 1000 block and no new codes.
