Re: Company's Intent to Waive Late Payment Charge Provision of Company's
General Terms and Conditions Rate 100 Tariff

Great Plains Natural Gas Co., a Division of Montana-Dakota Utilities Co. (Great Plains), herewith advises the North Dakota Public Service Commission (Commission) of the Company's intent to deviate from its General Terms and Conditions Rate 100 tariff and waive the Late Payment Charge (LPC) provision provided for under this tariff starting April 1, 2020.

Currently Great Plains' Rate 100 tariff provides for the application of a LPC equal to one and one third percent per month on any unpaid balance. The Company's intent is to now waive the application of the LPCs in order to assist customers who may be experiencing hardships incurred from the recent COVID-19 circumstances. The Company will waive the application of the LPCs starting April 1, 2020 and continue until the COVID-19 related hardships affecting the Company's customers declines. Great Plains will advise the Commission of the re-application of the LPCs prior to its re-instatement.
