#239 Industrial Ordinance – 2nd Reading

Mayor Wise would like to add an amendment for a speed limit of 15 mph in industrial zones. Hagel said he can incorporate an amendment, but other sections of our code would have to be reviewed first.

Motion by Schock to table the 2nd reading.

Seconded by Volk

Motion Carried

Farmers Market

Per Schock, some residents would like to conduct a small farmers market in town. We could issue our \$5 food permit to participants and it would be a seasonal permit with an end date. This would be just locals selling a few garden items. Hagel indicated they would have to check with the ND Department of Health to make sure they have the proper licensing if required.

City Office Cell Phone

Akre would like the office staff to have shared use cell phone. Office personnel have currently been using their personal cell phones when running around town taking pictures of violations and posting to the city Facebook page. In an emergency, we would be able to forward the office phone to cell phone.

Motion by Volk to approve the purchase of an office cell phone.

Motion Carried

Moonridge Subdivision-Erosion Control

A Lincoln resident who lives directly south of the subdivision was concerned about blowing dirt and water drainage from the undeveloped lots. The resident wants the property owner to maintain this property. Leingang from Public Works stated the property owner was issued a Notice of Deficiencies and a fine was issued last week. The paperwork is currently at Hagel's law office. Leingang said the owner might start paving the streets soon. Volk suggested the next step is to have the engineers go back over and make sure they are following the plat and not in violation. Hagel indicated we could enforce our nuisance ordinance or the city can fix the problem and assess the property owner. Schock would like to see the owner get black dirt on there to make the sand quit blowing.

Municio Update

Per Akre, our city webpage now has our Code of Ordinance available online in a searchable PDF format. The fully interactive version will not be available until Municode has republished it and this will be at the end of summer.

Special Use Permit

This pertains to Schock and he has recused himself. Shook took responsibility for letting the permit lapse for commercial painting, welding, and sandblasting at his property.

Motion by Volk to approve the special use permit.

Seconded by Akre for discussion. Schock indicated he has resubmitted the application to renew the permit. However, due to the lapse, Burleigh County is looking at legal action against Schock because it is a conflict of interest for the City to do so. Volk indicated Schock is in the process of rezoning to light industrial. Right now the rezoning is hung up with P&Z. Hagel indicated some plat issues were brought up at the last P&Z meeting, P&Z denied, and P&Z asked for a resubmission.

Shop Condos

Mayor Wise wanted to talk about this because it came up at a P&Z meeting. Volk would like to see these and Akre believes there is a demand for them. However, we would have to create an ordinance on what type of shop condos would be allowed and where they would be allowed. Hagel suggested the council form a committee to look in to shop condo and to include the engineers on the committee.

Volk motions to direct Mayor Wise to appoint a committee.

Budget Committee

Before August 10, 2020, Lincoln must submit the preliminary budget statement and set a public budget hearing date between 9/7/2020 and 10/7/20. Auditor Surface will send out some tentative dates next week for an initial committee meeting. Those interested in sitting on the committee were Mayor Wise, Akre, and Volk. The PD Chief and Public Works Director will be included. Public notice will be given if residents are interested in attending the meetings.

Portfolios

Schantz-Absent.

Volk-I have been informed we need to have a bartender server training class for Lincoln bartenders. A time and place for training will be discussed at the 6/4/20 meeting.

Akre-I want to remind everyone that committees are responsible for getting their minutes into the city office. It should not be the city office's job to be doing the minutes for all the committees. If a secretary is missing from a committee, someone from the committee has to fill in. Specifically, P&Z. Mayor Wise will address this with P&Z. Schock-Dickson is out for a while because of surgery. Some landscaping is still going on around the new shop. We will be doing the fabric and rock along DJ's parking lot.

Mayor Wise thought the contractor was supposed to be doing the fabric and rock. Wise will contact the contractor. Schock received a thank-you from a resident for the groundwater wells we put in. Wise said we have one more to put in along Santee Road. There might be some grants through the State Water Commission.

Mayor Wise-I want to thank the residents for keeping the grass clippings and branches in the bins.

Committee Reports

MPO-I have the minutes from the last meeting if anyone wants to read them. Economic Development-No meetings at this time.

Tree Board-The Tree Board held a meeting last week and drafted a plan. This plan has to be approved by the council.

Mr. Haut moved, seconded by Mr. Veldkamp to approve the consent agenda which consisted of March 2, 2020 Regular Board meeting minutes, payment of bills, pledged securities, James Valley Multi-District Advisory Council February 26, 2020 meeting minutes, and an open enrollment waiver for a 11th grade Barnes County North student to attend Jamestown Public School for the 2019-2020 school year. Roll call with unanimous "yes" vote. Motion carried. Superintendent Lech reported Mrs. Phyllis Clemens, Washington Elementary Principal, is resigning at the end of this school year. Dr. Lech reviewed Mrs. Clemens career with Jamestown Public Schools. Dr. Lech also explained the shared position over the years with Washington Elementary and to review for this position for the future. Superintendent Lech shared the Governance Mindset with the board. Dr. Lech stated our board is striving forward. Superintendent Lech reported Cody Mickelson and Tiffany Hillstrom from our task force to review Learning Management System will be reporting for the board the task force recommendation. Superintendent Lech reported he didn't mention in last meeting that open enrollment waivers can be done for families who move into a new district instead of a tuition agreement and then an open enrollment. Superintendent Lech reported he has been working on compiling school construction and referendum results for the board's information. Dr. Lech reported the legislature will have changes in this subject in the future. Superintendent Lech reported the Governor made an executive order to close school March 16-20. It is a challenge to plan on such short notice. The school website has an update center for information for parents. Communicating is our big part of this challenge. Dr. Lech, with the administrative team worked on two components, how do we safely reopen and how do we plan for education after this week. Support staff job duties will be determined per building. Communications and cleaning are working well with staff. Secretaries

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION NOTICE TELECOMMUNICATIONS RELAY SERVICE SURCHARGE

May 27, 2020
 On April 21, 1993, Governor Edward T. Schafer approved House Bill No. 1028 that established a program to provide specialized telecommunications services and equipment to the communications impaired. The relay services program is funded by an access line surcharge paid by the customers of local exchange companies and radio communications service providers. The relay services program is administered by the Information Technology Department of the State of North Dakota. Before June 1 of each year, the Public Service Commission calculates the amount of the surcharge based on cost data and other information provided by the Information Technology Department. Message From Mayor Carlsrud

GOOD NEWS AND TRAGEDIES

This past week has seen our ND Smart Start Restart Rating go from "Medium" to "Low" Risk. Good news; please keep up your good work with your social distancing.

We also endured tragedies this week. A man in Minneapolis, George Floyd died and a police officer has been charged with a degree of murder. In Grand Forks, another tragedy when an officer, Cody Holte was killed in the line of duty and Deputy Ron Nord was wounded.

Life is fragile and these tragedies can't be "undone". We can, however, pray for families and friends of all involved with these terrible actions. Life is un-

certain and none of us is guaranteed another day of life so "call someone", a family member, a friend or someone you know who could be uplifted by your call to say "hi", "thank you" or "I love you".

"To the world you may be one person, but to one person, you may be the world." (Charlie Brown)

Blessings, Pray and Be Safe,

From 1 fill again to extinguish a fire that had re-kindled from the blaze the day before.

On June 1st, the rural fire department responded to a grass fire caused by a passing train at 126 Ave. and 33rd St. SE.

Around the same time on Monday, the city department was at 145 N Central Ave. after being called out for a suspected gas leak. They evacuated the building, located the leak, turned off the gas and called MDU. There were no injuries.

Both the city and county are fortunate to have these dedicated men and women keeping the area and its residents safe.
