Re: Supplement and Correction to May 8, 2020 Petition in Case GS-20-205

Dear Mr. Kahl:

After conferring with Commission staff and upon review of the above-subject Petition, Andeavor Field Services LLC (“Andeavor”), respectfully submits the following corrections to the Petition:

1. The first page of the Petition incorrectly states that Andeavor’s “intrastate gathering lines starting upstream of and continuing through Andeavor’s Robinson Lake Gas Processing Plant, the Stanley Booster Station and JT Plant *to delivery points on three interstate pipelines[.]*” The Petition should correctly state that Andeavor’s:

“intrastate gathering lines starting upstream of and continuing through Andeavor’s Robinson Lake Gas Processing Plant, the Stanley Booster Station and JT Plant to delivery points on two interstate pipelines and to one delivery point into another company’s gathering system.”

2. Footnote 3 on Petition page 5, contains a typo in its citation of API RP 80. The correct citation is API RP 80 section 2.2(a)(1)(E).

Thank you for your assistance with this supplement and correction. An electronic copy of this document will be submitted to ndpsc@nd.gov. The original and seven copies are being sent by U.S. Mail. Please contact me if you have any questions.

Very truly yours,

Matthew L. Crockett
