

August 5, 2020

HAND DELIVERED

Mr. Steve Kahl
Interim Executive Director
North Dakota Public Service Commission
600 E. Boulevard, Dept. 408
Bismarck, ND 58505-0480

**RE: OE2 North LLC
Case No. PU-20-247
OAH File No. 20200239
Bill Sanderson Residue and
NGL Pipelines Project**

Dear Mr. Kahl:

Please find enclosed for filing in the above-referenced matter an original and five (5) copies of the following documents:

1. OE2 North LLC's Exhibit 2 to be offered as evidence in the Public Hearing to be held August 6th, 2020; and
2. Certificate of Service;

submitted on behalf of OE2 North LLC, which will be discussed at the hearing scheduled for August 6, 2020. A compact disc containing an electronic copy of the above listed documents and this letter in PDF format is also enclosed herewith.

Should you have any questions, please advise.

Sincerely,

LAWRENCE BENDER

ND SHPO Ref: 20-0417, "A Class III Cultural Resource Investigation and Site Re-Visits: NGL and Residue Lines in Williams County, North Dakota" in portions of [T154N R104W Sections 26, 27, & 35] [T153N R104W Sections 2, 10, & 11]

Dear Ms. Mashak,

We reviewed ND SHPO Ref: 20-0417, "A Class III Cultural Resource Investigation and Site Re-Visits: NGL and Residue Lines in Williams County, North Dakota" in portions of [T154N R104W Sections 26, 27, & 35] [T153N R104W Sections 2, 10, & 11] and find the report by Rebecca L Mashak and Russell O Collett acceptable. We find that there has been a good faith effort to avoid impacts to significant sites based on report and memo dated 7/30/2020. We request fencing and monitoring for site 32WI1179 when construction is within 200 ft.

Thank you for the opportunity to review this project under North Dakota cultural resources consultation.

If you have any questions please contact Lisa Steckler, Historic Preservation Specialist at (701) 328-3577 or lsteckler@nd.gov

Sincerely,

for William D. Peterson, PhD
Director, State Historical Society of North Dakota

Re: OE2 North LLC – Bill Sanderson Residue and NGL Pipelines Project – Williams Co., ND

The North Dakota Geological Survey appreciates the notification and opportunity to review and provide comment on the proposed pipeline project. We reviewed the approximate location of the planned pipeline routes against our existing landslide area mapping for the area and would note that the proposed pipeline route traverses a path that is free of previously mapped landslide areas (Murphy, 2011).

However, there are mapped landslide areas noted within and adjacent to the study area boundary such that a closer inspection of the proposed pipeline routes and these mapped landslide areas is recommended. These types of areas should be avoided whenever possible. Careful inspection and engineering evaluation of proposed pipeline routes should be continued in areas that may be prone to slope instability.

Landslide maps and data, along with LiDAR elevation data sets and mapping products for this project area are available on our website at: <https://www.dmr.nd.gov/ndgs/landslides/>

If there are any additional questions or comments, please contact us at (701) 328-8000.

Sincerely,

North Dakota Geological Survey:

Fred Anderson
