RE: NuStar Pipeline Operating Partnership LP – Case No. PU-20-381 - Cass County

Dear Commission,

The North Dakota Parks and Recreation Department has reviewed the above-referenced pipeline relocation in Cass County, North Dakota.

NDPRD's scope of authority and expertise covers properties that NDPRD owns, leases, or manages; properties protected under Section 6(f) of the Land and Water Conservation Fund (LWCF); and rare plants and ecological communities established through the Natural Heritage Program.

The project does not appear to affect properties that NDPRD owns, leases, or manages.

The project does not appear to affect any properties protected under Section 6(f) of the LWCF.

A query of the North Dakota Natural Heritage biological conservation database determines if any current or historical plant or animal species of concern or other significant ecological communities are known to occur within an approximate one-mile radius of the project area. Based on this review, we have no known rare species or significant ecological communities documented within or immediately adjacent to the project site.

The Natural Heritage data is not based on a comprehensive inventory, there may be species of concern or otherwise significant ecological communities in the area. The absence of data may indicate that the project area has not been surveyed, rather than confirm project area lacks natural heritage resources.

We appreciate your commitment to rare plant, animal, and ecological community conservation, management, and inter-agency cooperation to date. For additional information, please contact NDPRD's Natural Resources Coordinator, Kathy Duttenhefner, at (701-220-3377 or kgduttenhefner@nd.gov).

Thank you for the opportunity to comment on the proposed project.

Sincerely,

Kathy Duttenhefner
Natural Resources Coordinator
