Good morning,

I am responding due to the complaint filed on 10/12/2020 by MDU. On 9/18/2020 we did hit a gas service line to house 406 1st Ave E Burlington, ND. The operator was trained to watch for all markings and spot them before boring. He did not spot the gas line before boring into the catch pit. This employee was terminated after this incident. We do take fault in this hit and I have been waiting for a bill from MDU which I have not seen yet.

Thanks,

Corinne Houim
