

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION

Bridger Pipeline LLC
8-inch Crude Oil Pipeline - McKenzie County
Siting Application

Case No. PU-20-430

AMENDED NOTICE OF FILING AND PUBLIC HEARING

February 23, 2021

A **Public Hearing** on the application in Case No. PU-20-430 will be held at **8:00 AM CT on March 22, 2021, at Teddy's Residential Suites, 113 9th Avenue SE, Watford City, ND 58854**. Public input will be received into the record for consideration.

Public input will also be received by the Commission through the following methods:

- **Written** - Written public input may be submitted beginning on March 22, 2021, through March 29, 2021, through email via ndpsc@nd.gov or by mail addressed to:

Public Service Commission,
600 E. Boulevard Ave., Dept. 408
Bismarck, ND 58505-0480

- **Telephonic** - The public may provide input over the phone by calling 1-701-328-4081 to be placed on a list. On March 22, 2021, the Commission will call you back to receive your input at the end of the hearing in an order determined by the Administrative Law Judge.

The public may also view the hearing electronically at <https://psc.nd.gov/public/meetings/live.php>, or listen telephonically via 1-888-585-9008 with room code 259-316-322.

On October 21, 2020, Bridger Pipeline LLC (Bridger) filed a combined application for a certificate of corridor compatibility and route permit concerning the location of an approximately 27 mile-long existing 8-inch crude oil gathering pipeline that will be converted to a transmission line, along with the construction of an approximately 2.4 mile-long 8-inch crude oil transmission line, which will comprise one pipeline. The pipeline will be located within McKenzie County, North Dakota, as shown on the attached map.

The issues in the application for a certificate of corridor compatibility and route permit are:

1. Will construction, operation, and maintenance of the facility at the proposed location produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Is the proposed facility compatible with the environmental preservation and the efficient use of resources?
3. Will construction, operation, and maintenance of the facility at the proposed location minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 1-701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.
