Doug/Derrick,

Im looking for the records of blasting operations for the first year blasting was initiated in the mine site east of my farmstead. I want to see if a seismograph and/or air blast records were recorded. Thank you

Brian

Brian,

I will let Doug take your request over and help answer any questions you may have. You are correct that link is long expired.

Best Regards,

Derrick

You don't often get email from dresser82@hotmail.com. [Learn why this is important](#)

[EXTERNAL EMAIL] This message was sent from someone outside the company

Do not click links, download attachments, or reply with personal information unless you recognize the sender and know the content is safe.

Derrick,

The attached link is no longer valid. Is there another way to access the historical blasting data? Thank you

Brian

Brian,

Per your written request for blasting data, which BNI received on February 20th. I will be supply you with a link for which you can download all of the blasting data. I have no clue on how long this link will work. Let me know if this works, if not I will try and find another way to get you all the data. It is a larger file, therefore it could not be emailed as an attachment.
