Re: Annual Update to the Renewable Resource Cost Adjustment Rate 55
Tariff - Informational Update
Case No. PU-20-440

Montana-Dakota Utilities Co. (Montana-Dakota) electronically submits this informational update to its Renewable Resource Cost Adjustment (RRCA) Rate 55 filing.

On November 25, 2020, Mr. Victor Schock provided a Staff Memorandum to Commissioners Christmann, Fedorchak and Kroshus. The Memorandum discussed the treatment of the additional levelization revenue balance. In the current filing, Montana-Dakota did not include the balance as an offset to rate base. Mr. Schock and the Company have discussed, and it was agreed that future RRCA filings will include the additional levelization revenue as an offset to rate base, including a true up of 2020. The impact to the current revenue requirement would be relatively small but will be included in the next true up and in future filings to reflect the full impact to the revenue requirement.

Please contact me at (701) 222-7855 or at travis.jacobson@mdu.com with any questions regarding this filing.

Sincerely,

/s/ Travis R. Jacobson

Travis R. Jacobson
