### PREFILING OF AGENCY BILLS\*

I wish to prefile a bill described as follows:

*A bill correcting references, clarifying procedures for energy facility siting, providing flexibility in the siting process due to exigent circumstances, clarifying application fees for the processing of siting cases, allowing the commission to limit access to cultural or historic site data provided during the siting process, and excluding CO2 storage facilities from energy siting.*

This bill (does) **(does not)** affect the appropriation requested for this agency.

John Schuh, General Counsel

Signature

Public Service Commission

Sixty-seventh  
Legislative Assembly  
of North Dakota

Introduced by

A BILL for an Act to amend and reenact subsection 3 of section 49-22-03 relating to correction of a subsection reference, amend and reenact section 49-22-07.2 relating to removing the hearing requirement for a waiver of timeline and procedures, amend and reenact subsections 1 and 4 of section 49-22-13 relating to holding a remote hearing upon the commission determining an emergency and move a hearing from the county in which the site, corridor, or route is proposed if adequate facility to hold the hearing are not available, amend and reenact subsection 1 of section 49-22-22 relating to expenses of an amendment to a certificate or permit and to allow an applicant to provide fees to complete the site, corridor or route if the application fee is less than twenty-five thousand dollars, create and enact a new section to chapter 49-22 relating to approving a temporary operation or variance, create and enact a new section to chapter 49-22 to limit access to cultural or historic site data, amend and reenact subsections 3 and 7, amend and reenact section 49-22.1-01 relating to correction of a subsection reference and exclusion of carbon dioxide storage facility underground equipment and flow lines from the gas or liquid transmission facility definition, amend and reenact section 49-22.1-05 relating to removing the hearing requirement for a waiver of timeline and procedures, amend and reenact subsections 1 and 4 of section 49-22.1-10 relating to holding a remote hearing upon the commission determining an emergency and move a hearing from the county in which the site, corridor, or route is proposed if adequate facility to hold the hearing are not available, amend and reenact subsection 1 of section 49-22.1-21

relating to expenses of an amendment to a certificate or permit and to allow an applicant to provide fees to complete the site, corridor or route if the application fee is less than twenty-five thousand dollars, create and enact a new section to chapter 49-22.1 relating to approving a temporary operation or variance, repeal section 49-22.1-23 relating to removal of electrical standards requirement from gas and liquid energy transmission facilities, and create and enact a new section to chapter 49-22.1 relating to limit access to cultural or historic site data.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Subsection 3 of section 49-22-03 of the North Dakota Century Code is amended and reenacted as follows:

3. "Construction" includes a clearing of land, excavation, or other action affecting the environment of the site after April 9, 1975, but does not include activities:
  - a. Conducted wholly within the geographic location for which a utility has previously obtained a certificate or permit under this chapter, or on which a facility was constructed before April 9, 1975, if:
    - (1) The activities are for the construction of the same type of facility as the existing type of facility as identified in a subdivision of subsections 5 or ~~42~~ 6 of this section and the activities are:
      - (a) Within the geographic boundaries of a previously issued certificate or permit;

- (b) For an electric energy conversion facility constructed before April 9, 1975, within the geographic location on which the facility was built; or
  - (c) For an electric transmission facility constructed before April 9, 1975, within a width of three hundred fifty feet [106.68 meters] on either side of the centerline;
- (2) Except as provided in subdivision b, the activities do not affect any known exclusion or avoidance area;
- (3) The activities are for the construction:
- (a) Of a new electric energy conversion facility;
  - (b) Of a new electric transmission facility;
  - (c) To improve the existing electric energy conversion facility or electric transmission facility; or
  - (d) To increase or decrease the capacity of the existing electric energy conversion facility or electric transmission facility; and
- (4) Before conducting any activities, the utility certifies in writing to the commission that:
- (a) The activities will not affect a known exclusion or avoidance area;
  - (b) The activities are for the construction:
    - [1] Of a new electric energy conversion facility;
    - [2] Of a new electric transmission facility;

- [3] To improve the existing electric energy conversion or electric transmission facility; or
  - [4] To increase or decrease the capacity of the existing electric energy conversion facility or electric transmission facility; and
  - (c) The utility will comply with all applicable conditions and protections in siting laws and rules and commission orders previously issued for any part of the facility.
- b. Otherwise qualifying for exclusion under subdivision a, except that the activities are expected to affect a known avoidance area and the utility before conducting any activities:
- (1) Certifies in writing to the commission that:
    - (a) The activities will not affect a known exclusion area;
    - (b) The activities are for the construction:
      - [1] Of a new electric energy conversion facility;
      - [2] Of a new electric transmission facility;
      - [3] To improve the existing electric energy conversion facility or electric transmission facility; or
      - [4] To increase or decrease the capacity of the existing electric energy conversion facility or electric transmission facility; and

- (c) The utility will comply with all applicable conditions and protections in siting laws and rules and commission orders previously issued for any part of the facility;
  - (2) Notifies the commission in writing that the activities are expected to impact an avoidance area and provides information on the specific avoidance area expected to be impacted and the reasons why impact cannot be avoided; and
  - (3) Receives the commission's written approval for the impact to the avoidance area, based on a determination that there is no reasonable alternative to the expected impact. If the commission does not approve impacting the avoidance area, the utility must obtain siting authority under this chapter for the affected portion of the site or route. If the commission fails to act on the notification required by this subdivision within thirty days of the utility's filing the notification, the impact to the avoidance area is deemed approved.
- c. Incident to preliminary engineering or environmental studies.

**SECTION 2. AMENDMENT.** Section 49-22-07.2 of the North Dakota Century Code is amended and reenacted as follows:

**49-22-07.2. Waiver of procedures and time schedules.**

Any utility which proposes to construct an electric energy conversion facility or an electric transmission facility within the state may make an application to the commission for a waiver of any of the procedures or time schedules set forth in this chapter or in the rules adopted pursuant to this chapter. The commission, ~~after hearing and~~ upon a finding that the proposed facility is of such length, design, location, or purpose that it will produce minimal adverse effects, or, ~~after hearing and~~ upon a finding that a demonstrable emergency exists ~~which requires immediate construction and that adherence to the procedures and time schedules would jeopardize the utility's system,~~ may issue an order waiving specified procedures and time schedules required by this chapter or by the rules adopted pursuant to this chapter, including, but not limited to, applications, notices, and hearings, and may forthwith issue a certificate of site compatibility, a certificate of corridor compatibility, or a route permit, with such conditions as the commission may require.

**SECTION 3. AMENDMENT.** Subsections 1 and 4 of section 49-22-13 of the North Dakota Century Code are amended and reenacted as follows:

**49-22-13. Public hearings - Notice.**

1. The commission shall hold a public hearing in each county in which any portion of a site, corridor, or route is proposed to be located in an application for a certificate or a permit. If the commission determines there is an emergency that would prevent an in person hearing in the county in which any portion of a site, corridor, or route is proposed, a remote public hearing may be held. At the public hearing, any person may present

testimony or evidence relating to the information provided in the application, the criteria developed pursuant to section 49-22-05.1, and the factors to be considered pursuant to section 49-22-09. If the commission determines there are no adequate facilities to conduct a public hearing within the county in which any portion of a site, corridor, or route is proposed to be located in, the public hearing shall be held in the nearest adequate location. When more than one county is involved, the commission may hold a consolidated hearing in one or more of the affected counties. A hearing for any county shall not be consolidated if five or more affected landowners in such county file a petition with the commission within ten days of the publication of the notice of hearing.

4. Notice of a public hearing shall be given by the commission by service on such persons and agencies that the commission may deem appropriate and twice by publication, once at least twenty days prior to such hearing and a second time within twenty days prior to such hearing. Notice of a public hearing and notice of opportunity for a public hearing on an application for a certificate, a permit, a transfer or amendment of a certificate or permit, or a waiver shall be given at the expense of the applicant. In an emergency the commission, in its discretion, may notice a hearing upon less than twenty days.

**SECTION 4. AMENDMENT.** Subsection 1 of section 49-22-22 of the North Dakota Century Code is amended and reenacted as follows:

**49-22-22. Siting process expense recovery - Deposit in special fund -  
Continuing appropriation.**

1. Every applicant under this chapter shall pay to the commission an application fee:
  - a. An applicant for a certificate of site compatibility shall pay an amount equal to five hundred dollars for each one million dollars of investment in the facility.
  - b. An applicant for a certificate of corridor compatibility shall pay an amount equal to five thousand dollars for each one million dollars of investment in the facility.
  - c. An applicant for a waiver shall pay the amount which would be required for an application for a certificate of site or corridor compatibility for the proposed facility. If a waiver is not granted for a proposed facility, such application fee paid shall be allowed as a credit against fees payable under this section in connection with an application under this chapter for a certificate or permit for the proposed facility.
  - d. An applicant requesting an amendment to a certificate or permit or for a transfer of a certificate or permit shall pay an amount to be determined by the commission to cover anticipated expenses of processing the application.
  - e. An applicant certifying to the commission under subsection 3 of section 49-22-03 shall pay an amount to be determined by the

commission to cover anticipated expenses of processing the application.

f. The application fee under subdivision a, b, or c may not be less than ten thousand dollars nor more than one hundred thousand dollars.

g. In the event that an application fee is less than twenty-five thousand dollars, an applicant may agree to pay additional fees that are reasonably necessary for completion of the site, corridor, or route evaluation and designation process.

**SECTION 5.** A new section to chapter 49-22 of the North Dakota Century Code is created and enacted as follows:

**49-22-25 Approval for Temporary Operation or Variance**

1. The Commission may approve temporary operation of facilities or a temporary variance from approved construction, operation, or maintenance of facilities upon a showing of good cause and receipt of a utility certification that the activities will have no adverse impacts upon the welfare of the citizens of this state or the environment.

2. The Commission may issue a temporary approval or variance without the necessity of notice, publication or public hearing with any additional terms, conditions, or modifications deemed necessary to minimize impacts.

**SECTION 6.** A new section to chapter 49-22 of the North Dakota Century Code is created and enacted as follows:

**49-22-26 Protection of cultural or historic site data**

The commission may limit access to, and release of, information which contains data that specifically identifies the location of cultural, archaeological, historical, or paleontological sites.

**SECTION 7. AMENDMENT.** Subsections 3 and 7 of section 49-22.1-01 of the North Dakota Century Code are amended and reenacted as follows:

3. "Construction" includes a clearing of land, excavation, or other action affecting the environment of the site after April 9, 1975, but does not include activities:
  - a. Conducted wholly within the geographic location for which a utility has previously obtained a certificate or permit under this chapter, or on which a facility was constructed before April 9, 1975, if:
    - (1) The activities are for the construction of the same type of facility as the existing type of facility as identified in subsection ~~5 6~~ or ~~12 7~~ and the activities are:
      - (a) Within the geographic boundaries of a previously issued certificate or permit;
      - (b) For a gas or liquid energy conversion facility constructed before April 9, 1975, within the geographic location on which the facility was built; or
      - (c) For a gas or liquid transmission facility constructed before April 9, 1975, within a width of three hundred

fifty feet [106.68 meters] on either side of the centerline;

- (2) Except as provided in subdivision b, the activities do not affect any known exclusion or avoidance area;
  - (3) The activities are for the construction:
    - (a) Of a new gas or liquid energy conversion facility;
    - (b) Of a new gas or liquid transmission facility;
    - (c) To improve the existing gas or liquid energy conversion facility, or gas or liquid, transmission facility; or
    - (d) To increase or decrease the capacity of the existing gas or liquid energy conversion facility or gas or liquid transmission facility; and
7. "Gas or liquid transmission facility" means any of the following:
- a. A gas or liquid transmission line and associated facilities designed for or capable of transporting coal, gas, liquid hydrocarbons, liquid hydrocarbon products, or carbon dioxide. This subdivision does not apply to:
    - (1) An oil or gas pipeline gathering system;
    - (2) Carbon dioxide storage facility underground equipment, including a flow line, subject to chapter 38-22;
    - ~~(2)~~(3) A pipeline with an outside diameter of four and one-half inches [11.43 centimeters] or less which will not be trenched

and will be plowed in with a power mechanism having a vertical knife or horizontally directionally drilled, and its associated facilities; or

- (3)(4) A pipeline that is less than one mile [1.61 kilometers] long. For purposes of this chapter, a gathering system includes the pipelines and associated facilities used to collect oil from the lease site to the first pipeline storage site where pressure is increased for further transport, or pipelines and associated facilities used to collect gas from the well to the gas processing facility at which end-use consumer-quality gas is produced, with or without the addition of odorant.

**SECTION 8. AMENDMENT.** Section 49-22.1-05 of the North Dakota Century Code is amended and reenacted as follows:

**49-22.1-05. Waiver of procedures and time schedules.**

Any utility that proposes to construct a gas or liquid energy conversion facility or a gas or liquid transmission facility within the state may make an application to the commission for a waiver of any of the procedures or time schedules set forth in this chapter or in the rules adopted pursuant to this chapter. The commission, ~~after hearing~~ and upon a finding that the proposed facility is of a length, design, location, or purpose that it will produce minimal adverse effects, or, ~~after hearing and upon a finding that a demonstrable emergency exists which requires immediate construction and that adherence to the procedures and time schedules would jeopardize the utility's system,~~ may issue an order waiving specified procedures and time schedules required by this

chapter or by the rules adopted pursuant to this chapter, including applications, notices, and hearings, and may forthwith issue a certificate of site compatibility, a certificate of corridor compatibility, or a route permit, with such conditions as the commission may require.

**SECTION 9. AMENDMENT.** Subsections 1 and 4 of section 49-22.1-10 of the North Dakota Century Code are amended and reenacted as follows:

**49-22.1-10. Public hearings - Notice.**

1. The commission shall hold a public hearing in each county in which any portion of a site, corridor, or route is proposed to be located in an application for a certificate or a permit. If the commission determines there is an emergency that would prevent an in person hearing in the county in which any portion of a site, corridor, or route is proposed, a remote public hearing may be held. At the public hearing, any person may present testimony or evidence relating to the information provided in the application, the criteria developed pursuant to section 49-22.1-03, and the factors to be considered pursuant to section 49-22.1-09. If the commission determines there are no adequate facilities to conduct a public hearing within the county in which any portion of a site, corridor, or route is proposed to be located in, the public hearing shall be held in the nearest adequate location. When more than one county is involved, the commission may hold a consolidated hearing in one or more of the affected counties. A hearing for any county may not be consolidated if five or more

affected landowners in that county file a petition with the commission within ten days of the publication of the notice of hearing.

4. Notice of a public hearing must be given by the commission by service on those persons the commission deems appropriate and twice by publication, once at least twenty days before the hearing and a second time within twenty days before the hearing. Notice of a public hearing and notice of opportunity for a public hearing on an application for a certificate, a permit, a transfer or amendment of a certificate or permit, or a waiver must be given at the expense of the applicant. In an emergency the commission may notice a hearing upon less than twenty days.

**SECTION 10. AMENDMENT.** Subsection 1 of section 49-22.1-21 of the North Dakota Century Code is amended and reenacted as follows:

**49-22.1-21. Siting process expense recovery - Deposit in special fund - Continuing appropriation.**

1. Every applicant under this chapter shall pay to the commission an application fee:
  - a. An applicant for a certificate of site compatibility shall pay an amount equal to five hundred dollars for each one million dollars of investment in the facility.
  - b. An applicant for a certificate of corridor compatibility shall pay an amount equal to five thousand dollars for each one million dollars of investment in the facility.

Sixty-seventh  
Legislative Assembly

- c. An applicant for a waiver shall pay the amount that would be required for an application for a certificate of site or corridor compatibility for the proposed facility. If a waiver is not granted for a proposed facility, the application fee paid must be allowed as a credit against fees payable under this section in connection with an application under this chapter for a certificate or permit for the proposed facility.
- d. An applicant for a transfer of a certificate or permit shall pay an amount to be determined by the commission to cover anticipated expenses of processing the application.
- e. An applicant requesting an amendment to a certificate or permit, or certifying to the commission under subsection 3 of section 49-22.1-01 or obtaining siting authority under subdivision b of subsection 2 or subdivision c of subsection 4 of section 49-22.1-15, shall pay an amount to be determined by the commission to cover anticipated expenses of processing the application.
- f. The application fee under subdivision a, b, or c may not be less than ten thousand dollars nor more than one hundred thousand dollars.
- g. In the event that an application fee is less than twenty-five thousand dollars, an applicant may agree to pay additional fees that are reasonably necessary for completion of the site, corridor, or route evaluation and designation process.

**SECTION 11.** A new section to chapter 49-22.1 of the North Dakota Century Code is created and enacted as follows:

**49-22.1-22 Approval for Temporary Operation or Variance**

1. The Commission may approve temporary operation of facilities or a temporary variance from approved construction, operation, or maintenance of facilities upon a showing of good cause and receipt of a utility certification that the activities will have no adverse impacts upon the welfare of the citizens of this state or the environment.
2. The Commission may issue a temporary approval or variance without the necessity of notice, publication or public hearing with any additional terms, conditions, or modifications deemed necessary to minimize impacts.

**SECTION 12. REPEAL.** Section 49-22.1-23 of the North Dakota Century Code is repealed.

~~**49-22.1-23. Safety.**~~

~~Every utility that owns or operates electric generation of any size for the primary purpose of resale shall comply with the standards of the national electrical safety code in effect at the time of construction of the generation.~~

**SECTION 13.** A new section to chapter 49-22.1 of the North Dakota Century Code is created and enacted as follows:

**49-22.1-24. Protection of cultural or historic site data**

The commission may limit access to, and release of, information which contains data that specifically identifies the location of cultural, archaeological, historical, or paleontological sites.
