Northern States Power Company
Cost of Gas 2021
Tariff Monthly Adjustments

Case No. PU-21-9

NOTICE OF OPPORTUNITY FOR HEARING

June 1, 2021

On May 18, 2021, Northern States Power Company (NSP) filed an application for a variance to its cost of gas true-up pursuant to the terms of North Dakota Administrative Code section 69-09-02-39, Automatic Adjustment Clauses. The variance would extend the time for recovery of an under-collected balance of the cost of gas adjustment from 12 months up to 24 months from July 1, 2021 through August 31, 2023. The variance would allow for an increase in the cost of gas rate.

The issues to be considered in this matter are:

1. Whether it is appropriate to grant a waiver of the Commission's rules under North Dakota Administrative Code section 69-09-02-39, Automatic Adjustment Clauses, for the purpose of adjusting the recovery period?
2. Whether the proposed rate or interim rate subject to future adjustment or refund is just and reasonable?
3. What is the appropriate time of recovery for the proposed rate or interim rate?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearings must be received by June 28, 2021.** If deemed appropriate, the Commission can determine the matter without a formal hearing.
