Subject: CAF ICC Data for the ND PSC

Good Morning All,

I have attached copies of the Intrastate TRP, Post True-up Access Recovery Charge (ARC) report, USAC Report with the Post True-up CAF ICC amount, and the associated certifications that were submitted to NECA. NECA will be filing the CAF-ICC information with the FCC and USAC on June 16th. Please file this data with the North Dakota Public Service Commission by June 16th as well. Last year there was also a Local Rate Floor Data Collection provided, however that data collection is no longer completed as 2020 was the last year.

According to Sections 54.304(d)(1) of the FCC rules, you will need to file copies of these documents supporting the CAF/ICC and ARC filings with your state commission.

For North Dakota, copies of these filings should be sent to the North Dakota Public Service Commission using the information below, same procedures as last year.

The email address is ndpsc@nd.gov

Please follow up with a hardcopy mailed to:

North Dakota Public Service Commission

Steve Kahl, Executive Secretary

May 20, 2021

To: General and pool contacts at TS and SW pool members

[Part 54.304\(d\)\(1\)](#) of FCC rules requires rate-of-return carriers seeking CAF ICC support to file data with the relevant state commissions by the date of our annual access tariff filing.

Annual tariff filing date is June 16, 2021

We are filing the interstate tariff with the FCC on Wednesday, June 16, 2021. Concurrent with the annual tariff filing, we will file your CAF ICC data with USAC. Therefore, you should file your CAF ICC data with your state commissions no later than June 16. On our [website](#) (login required; select Member Services > Data Collections and Tools > CAF ICC Data Collection), you can use the following reports for filing:

- the **intrastate TRP report**, which displays the proposed July 1, 2021 intrastate tariff at the rate element level;
- the **post true-up Access Recovery Charge output report**, which has the proposed residential ARC, revenue and lines at the exchange level, as well as the proposed ARC, revenue and lines for SLB and MLB at the study area level; and
- the **USAC report**, which displays the post true-up CAF ICC amount, and the final CAF ICC support estimate labeled "Adjusted CAF ICC Support," which has been reduced by limited imputed ARC revenues on broadband-only lines.

Note

USAC recently sent an email about filing tariff review plans. As indicated in our [May 12 email](#), no action is needed by you – we will file the CAF ICC data on your behalf with the FCC and USAC.

Questions?

Please contact your member service team.

Sincerely,

Jeffrey Phillips
