

Bowman Wind, LLC  
Bowman Wind Project  
Docket No. PU-21-121

**Late-Filed Exhibit No. 33 – Weed Board Correspondence**

At the August 24, 2021 public hearing, a request was made by Commissioner Christmann for documentation demonstrating that the Bowman County Weed Board (“Weed Board”) had reviewed and approved Bowman Wind, LLC’s (“Bowman Wind”) Noxious Weed Management and Control Plan (“Plan”). Prior to the public hearing, Bowman Wind had received an e-mail from a member of the Weed Board indicating approval of the Plan. Subsequent to the public hearing, Bowman Wind requested a formal approval from the Weed Board. At its October 7, 2021 meeting, the Weed Board requested two changes to the Plan, which Bowman Wind has made. The Weed Board issued a formal approval of the updated Plan at its October 13, 2021 meeting. Copies of the initial e-mail (Late-Filed Exhibit No. 33(a)) and formal Weed Board approval (Late-Filed Exhibit No. 33(b)) are provided herewith. A copy of the updated Plan is also provided herewith, and is intended to replace the version of the Plan previously submitted as **BW Exhibit 7**.
