10am will work. I will go ahead and get a conference room reserved at NDGFD. Let me know if you'd also like a Teams call setup as well for anyone unable to make it in person.

Thanks Elisha. Let's plan to do an in person meeting on the morning of November 22<sup>nd</sup>. Does 10AM Central work and can we schedule that meeting at the NDGF headquarters?

Regards,

-Ryan

Hi Ryan,

We would be available the afternoon of the 21<sup>st</sup> – 2:00-5:00 or anytime on the 22<sup>nd</sup>. Let me know what works for your team and if you would like me to set up a Teams call.

Thanks for the reply Elisha. Let's definitely plan to meet during that timeframe. Please let us know some time slots that work for you and Jesse. We can decide if it is best to meet in person or via zoom/teams.

Talk to you soon.

Hi Scott,

I was able to open the files, so we are all set there. Our upland game biologist only just returned from leave so we are working through your data request now. I will unfortunately also be out through the 15<sup>th</sup> for a work conference but am open Nov. 21-24.

Hi Elisha,

Happy Halloween. Ryan from our team is back and able to continue discussing our letter from the 13<sup>th</sup>. I'm hoping that you were able to open the unzipped files that I shared on the 17<sup>th</sup>, if not, please let me know.

When would be a good time to catch up and discuss the questions outlined by the Bowman Wind team?

Thanks,

Scott
