**RE: Bowman Wind, LLC's Application for a Certificate of Site Compatibility for the Bowman Wind Project, Bowman County, North Dakota
Case No. PU-21-121**

Dear Mr. Kahl:

The North Dakota Public Service Commission ("Commission") Staff relayed a request from Commissioner Christmann for Bowman Wind, LLC ("Bowman Wind") to analyze whether any parcels within the currently proposed Bowman Wind Project ("Project") boundary could be removed from the Commission-approved site. Per that request, Bowman Wind analyzed whether parcels were needed for facilities, construction activities, or setback compliance, and has prepared an updated map depicting a potential updated Project boundary.

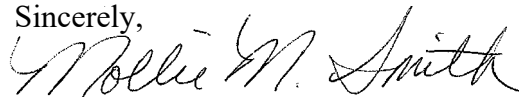

Therefore, enclosed for filing in the above-referenced matter are an original and six (6) copies of the following documents:

1. Motion to Consider Post-Hearing Filing;
2. Late-Filed Exhibit No. 43 (Updated Project Boundary Map); and
3. Certificate of Service.

Electronic copies of the enclosed documents and this letter were filed with the Commission today via e-mail.

If you have any questions, please let me know.

Sincerely,

MOLLIE M. SMITH

Pursuant to N.D.C.C. § 28-32-25, Bowman Wind, LLC (Bowman Wind) hereby moves that the North Dakota Public Service Commission (Commission) consider an additional post-hearing filing in the above-referenced case. - Late-Filed Exhibit No. 43 (Updated Project Boundary Map): Commission Staff relayed a request from Commissioner Christmann for Bowman Wind to analyze whether any parcels within the currently proposed Bowman Wind Project (Project) boundary could be removed from the Commission-approved site.
