Re: Case No. PU-21-151
Combined Application for a
Certificate of Corridor Compatibility
and Route Permit

Montana-Dakota Utilities Co. submitted a Combined Application for a Certificate of Corridor Compatibility and Route Permit on July 26, 2021 (Docket # 14 in the above referenced Case). Subsequent to that submission, two maps were found to contain incorrect information. Therefore, the Company herewith electronically submits corrected maps. The corrected maps will replace the previously submitted maps in Exhibit 4 – Map 1 of 6 showing avoidance and exclusion areas, including residences within 500 feet of the route, and Map 6 of 6 showing infrastructure.

Seven physical copies will be provided to replace the respective pages in the Application books provided on July 26, 2021. In addition, corrected Shapes files have been provided.

Please contact me at 701.222.7855 or travis.jacobson@mdu.com if you have questions.

Sincerely,

/s/ Travis R. Jacobson

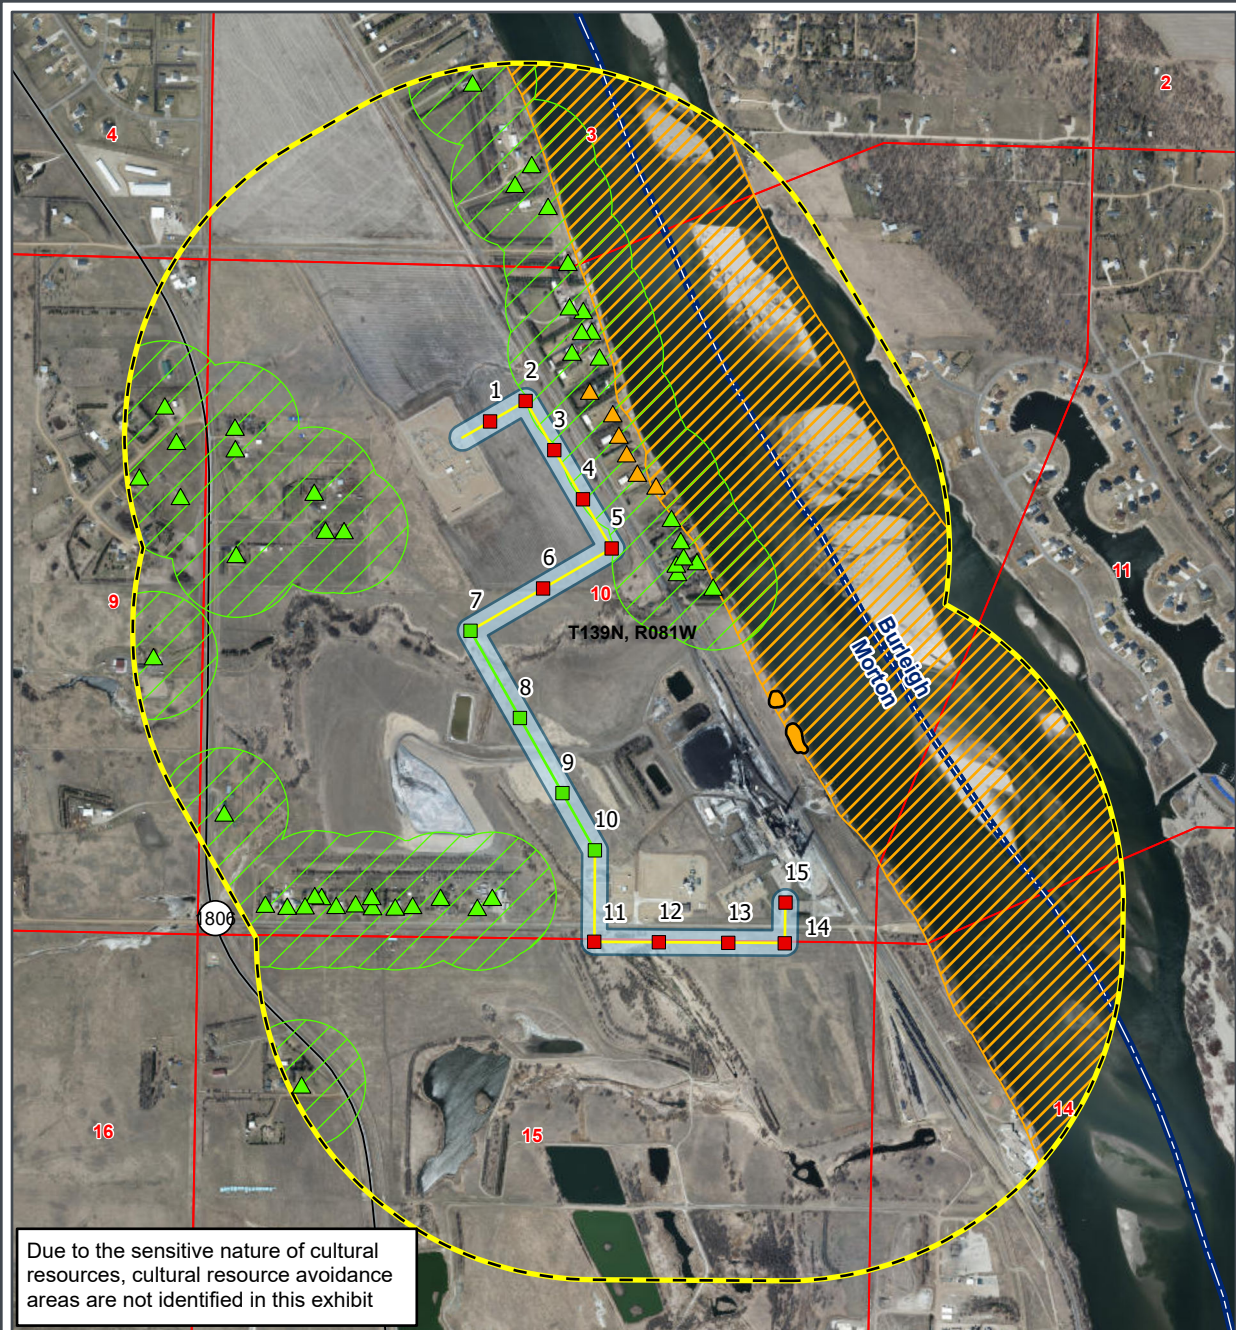

Travis R. Jacobson
Director of Regulatory Affairs
