## MDU Morton County 230kV Transmission Line - Construction Monthly Project Report

Case No. PU-21-151

31 Mar 2022

**Project Overview** – The MDU 230kV transmission project is a 1.5 mile rebuild/reroute of the 230kV transmission line near Heskett Station north of Mandan in Morton County, North Dakota.

**Monthly Progress** – No construction activity this month. Presently, the project is 80% complete, with only the structure set-back relocation remaining to complete.

**Environmental** – Construction disturbances from the 230kV line have been included in an existing construction storm water permit (NDR111424). NDR111424 was acquired for relocating a dirt pile to place structures for an unrelated transmission project. Since multiple transmission line projects are being constructed in and around the Heskett property, MDU elected to incorporate the disturbances from all of these projects (including this project) into the existing dirt pile relocation SWPPP.

**Cultural Impacts** – None to report.

**Damage to UG Facilities** – None to report.

**Landowner/Public Issues or Complaints** – None to report.

**Permitting** – Road crossing permits for Morton County were approved, and final permits received.

**Extraordinary Events** – None to report.

**Safety** – No items to report.

**Additional Information** – Construction activities on this line are currently paused, and re-location of structures #3 to 5 to achieve the required residential set back distance is scheduled for Aug/Sept 2022.

### MANDAN REFINERY Excavation Inspection Report (To Include Trenching, Drilling and Boring)

Section A - This section to be completed by a Work Crew Representative (Mandan Refinery or Contractor) prior to beginning an excavation. This form will be used in conjunction with Form GF 4A (Daily Excavation Inspection Report).

LOCATION: North Border of Property      DATE: 8-16-21

Requestor: Geiss for MDU

[Mandan UG/Excavation Flowchart](#)

PRE-JOB CHECKLIST PRIOR TO EXCAVATING: (CHECK YES OR N/A) This section to be completed by a representative of the Tesoro Engineering Dept. as assigned by the Manager of the Tesoro Engineering Dept.

- | YES                                 | N/A                      |  |
|-------------------------------------|--------------------------|--|
| <input type="checkbox"/>            | <input type="checkbox"/> | Underground utilities located? (Sewer, telephone, power, water lines)  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | Drawing Numbers: _____, _____, _____<br>Other lines located? (Control lines, process lines, fuel lines, instrumentation) |
|                                     |                          | Drawing Numbers: <u>A-432, C-19815, B-31651, C-19816, B-33034</u>  |

| <input checked="" type="checkbox"/> | <input type="checkbox"/> | Access/egress considered?  |

Additional drawings that are pertinent to this excavation:

\_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

Copies of all pertinent drawings shall be supplied with this form to be reviewed by all parties prior to beginning excavation.

Tesoro Engineering Rep 

Section B Signatures

Prior to beginning excavation, all personnel listed below must sign off that they have reviewed the associated drawings pertaining to this excavation and are familiar with the expected underground obstructions.

Requestor: Geiss for MDU

Excavation Supervisor: \_\_\_\_\_

Operations Representative: \_\_\_\_\_

\*Heavy Equipment Operator: \_\_\_\_\_

\*Prober: \_\_\_\_\_

**\*Caution – These drawings list the known obstructions in this excavation area, however, proceed with caution as unmarked obstructions have been found in prior excavations. Report any unmarked obstructions to the Tesoro Engineering Dept. for inclusion in revised drawings. An Excavation Observer, using a probe, shall be utilized to locate obstructions.**

DISTRIBUTION: Copy affixed to Permit to Work (PTW) and returned to EH&S to be filed for one year after completion.

**GOPY**

**MORTON COUNTY  
UTILITY OCCUPANCY APPLICATION AND PERMIT FORM**

PERMIT NO. 04-20-21

THE FOLLOWING APPLICANT IS HEREBY GRANTED PERMISSION TO INSTALL AND MAINTAIN THE FOLLOWING DESCRIBED FACILITY ON HIGHWAY RIGHT-OF-WAY AS SHOWN ON THE PLANS ATTACHED HERETO AND MADE A PART OF HEREOF:

OWNER OF FACILITY MDU PHONE NUMBER <sup>701.222.7756</sup> ~~701.301.0169~~ ADDRESS 400 N 4th St  
LOCATION OF FACILITY MAYODAN, ND <sup>NE 15 2E 18</sup> QTR 10-15 SEC. 10, 15 TWP. 139N RGE. 8 W

TYPE OF FACILITY Transmission Line - Overhead

ADDITIONAL COMMENTS: \_\_\_\_\_

PERMIT FEE \$50.00 PERCHK# 0207469

**INSTALLATION AND MAINTENANCE:** Installation and maintenance of said facilities on highway right-of-way shall conform to the following provisions:

- (1) Upon construction, maintenance, relocation or removal of said facilities, any right-of-way scars shall be removed and the disturbed areas restored to original condition, including the reseeding thereof where necessary. Trenches dug within highway right-of-way shall be backfilled and compacted to a density equal to that of the adjacent undisturbed soil.  
*Note:* The aforementioned conditions shall be met within 60 days of completion of the work requested.
- (2) All construction and maintenance work must be signed properly in accordance with the latest manual of Uniform Traffic Control Devices.

**TERMS AND CONDITIONS:** Installation and maintenance of said facilities on highway right-of-way shall be subject to the following terms and conditions:

- (1) Installation, maintenance, relocation, and removal of said facilities on highway right-of-way shall be done in a manner satisfactory to, and subject to supervision by the County Road Superintendent for the County Highway Department.
- (2) Morton County shall not be liable for damage to said facilities resulting from reconstruction or maintenance of the highway.
- (3) Applicant shall hold the County harmless for injury to persons or damage to property resulting from the location of said facilities on highway right-of-way.
- (4) Applicant shall repair or replace highway structures and appurtenances, and any existing facilities located on, over and under highway right-of-way, which may be damaged as a result of the installation and maintenance of said facilities on highway right-of-way.
- (5) Applicant shall promptly remove said facilities from highway right-of-way or from within a distance of 75 feet from center of road or section line when requested to do so by the County. Such relocation or removal shall be at the sole cost and expense of applicant.
- (6) Applicant shall furnish a map showing the location of the utility as requested by the permit.
- (6) No construction shall be permitted across paved roadway. All facilities must be bored.

**ADDITIONAL CONDITIONS FOR APPROVAL:** \_\_\_\_\_

North Dakota Pollutant Discharge Elimination System (NDPDES)  
General Permit for Stormwater Discharges from Construction Activity  
NOTICE OF COVERAGE

Permittee(s)

Owner Contact: Cory Zentner  
Montana-Dakota Utilities Co.  
PO Box 40  
Mandan, ND 58554

Operator Contact: Nathan Sandberg  
Northern Improvement Co.  
1721 Burlington Dr.  
Bismarck, ND 58504

Coverage under the 2020 reissued construction general permit (NDR11-0000) is identified as follows:

Permit ID: **NDR111424**      Site Name: **Heskett Stockpile Relocation**

Please remember to update the Stormwater Pollution Prevention Plan (SWPPP) as appropriate for site conditions. The best management practices (BMPs) and temporary structures must be inspected, maintained and adjusted until the site is stabilized following construction activities. Once the site is stabilized as outlined in the general permit, you may end permit coverage by filing a termination notice. Cities or counties may impose additional requirements and/or specific BMPs for construction affecting their storm drainage system. Please check with the local officials to be sure all local stormwater management considerations are addressed.

Additional Information

The permit will expire on March 31, 2025. The permit conditions, forms and related information may be found on our web site at:

[https://deq.nd.gov/WQ/2\\_NDPDES\\_Permits/7\\_Stormwater/StW.aspx](https://deq.nd.gov/WQ/2_NDPDES_Permits/7_Stormwater/StW.aspx)

Should you have any questions on the permit, please contact a stormwater staff person listed below.

This form may be used to modify existing permit information for a permitted site. The form also may be used when an owner or operator of a construction project changes (see Part I.F of NDR11-0000). The new owner or operator may implement the original SWPPP or develop a new SWPPP. New permittees must ensure either directly or through coordination with others that their SWPPP will meet the terms and conditions of the permit and will not interfere with another party's SWPPP.
