MDU Morton County 230kV Transmission Line - Construction Monthly Project Report

Case No. PU-21-151

November 1 2022

Project Overview – The MDU 230kV transmission project is a 1.5 mile rebuild/reroute of the 230kV transmission line near Heskett Station north of Mandan in Morton County, North Dakota.

Monthly Progress – Contractors resumed construction work on the transmission line relocation east of the Mandan Substation on Oct 26. That construction is schedule to be complete on November 3rd.

Environmental – No update to report.

Cultural Impacts – None to report.

Damage to UG Facilities – None to report.

Landowner/Public Issues or Complaints – None to report.

Permitting – No update to report.

Extraordinary Events – None to report.

Safety – No items to report.

Additional Information – Construction on rebuilding the river crossing on the Missouri River is substantially complete. Some minor structure modifications are scheduled to be fully complete by mid-November.
