Advance Prudence – 460MW Solar – Sherburne Cntr. MN  
Application

Case No. PU-21-152

NOTICE OF HEARING

A **Hearing** on the application in Case No. PU-21-152 is scheduled for **July 11, 2023, at 8:30 a.m. Central Time** in the Commission Hearing Room on the 12<sup>th</sup> Floor of the State Capitol, 600 East Boulevard Ave, Bismarck, North Dakota 58505.

On April 21, 2021, Northern States Power Company (NSP) filed an application for an Advanced Determination of Prudence (ADP) for the development of an approximately 460 MW grid-scale photovoltaic solar capacity known as the Sherco Solar Project.

NSP requested that the proceeding be put on hold in early 2022 due to a U.S. Department of Commerce investigation concerning solar panels.

On July 29, 2022, NSP requested that the proceeding be permitted to continue and advised that the economics of the project have changed.

On October 27, 2022, NSP filed rebuttal testimony.

The issue to be considered in this proceeding is whether NSP should be granted an advanced determination that its proposed resource addition is prudent.
