Dear Mr. Deutsch:

Revision No. 45 to The Coteau Properties Company's Permit No. NACT-0401 is scheduled to be approved by the North Dakota Public Service Commission at the June 23, 2021, meeting. This Revision includes an update to the Consolidated Bonding Plan and takes into account the revised variable costs provided annually by the Commission in accordance with Policy Memorandum No. 16, Reclamation Cost Estimating Guidelines. The minimum bond amount approved by the Commission is \$174,435,045.

Coteau currently maintains Self-Bond No. SB-9501-1 guaranteed by Basin Electric Power Cooperative and Collateral Bond No. CB-9501-8, which cover the entire consolidated bond area for all of Coteau's permits. Coteau plans to increase the bonds as follows:

CURRENT BOND	CURRENT AMOUNT	INCREASE	NEW AMOUNT
SB-9501-1	\$131,400,000	\$36,000,000	\$167,400,000
CB-9501-8	14,600,000	4,000,000	18,600,000
TOTAL	\$146,000,000	\$40,000,000	\$186,000,000

Accordingly, enclosed are the following documents:

1. One original and one copy of Self-Bond Rider to Increase Bond Amount for Bond No. SB-9501-1, which has been executed by Coteau and Basin Electric as third-party guarantor.
2. One original and two copies of Collateral Bond (cash deposit) No. CB-9501-9, in the amount of \$18.6 million, which has been executed by Coteau. As stated in Exhibit 1 of this bond, the collateral will be provided via a roll-over of the current collateral bond liability and the provision of an additional \$4,000,000 in collateral by June 22, 2021.

One original may be provided to the Bank of North Dakota and retained by the Commission for their records, respectively.
5. One original and two copies of Collateral Bond Rider to Reduce Bond Area and Amount for Collateral Bond No. CB-9501-8, which has been executed by Coteau and will result in the release of this bond effective June 23, 2021, which requires Commission execution.
