NOTICE OF OPPORTUNITY FOR HEARING

August 4, 2021

On July 15, 2021, Montana-Dakota Utilities Co. (MDU) filed a change to its Transmission Cost Adjustment (TCA) rates to reflect updated electric transmission revenues and costs.

The effect of the rate change on the bill for a residential customer using 894 kWh per month is a decrease of \$0.03 per month or \$0.36 per year.

The issues to be considered in this proceeding are:

1. Do the investments and associated costs for the new or modified electric transmission facilities qualify for recovery?
2. Do the proposed rates comply with the tariff?
3. Are the proposed rates just and reasonable?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearing must be received by September 17, 2021.** If deemed appropriate, the Commission can determine the matter without a hearing.
