STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION Montana-Dakota Utilities Co. Case No. PU-21-421 Generation Resource Cost Recovery Rates

NOTICE OF OPPORTUNITY FOR HEARING November 17, 2021

On November 1, 2021, Montana-Dakota Utilities Co. (MDU) filed a change to its Generation Resource Recovery Rate (GRRR) rates. The new rates reflect projected costs through December 31, 2022 related to investment in the Lewis & Clark reciprocating internal combustion engine units and reflect a projected over-collected balance of the current GRRR as of December 31, 2021.

The effect of the rate change on the bill for a residential customer using 894 kWh per month is a decrease of \$0.03 per month. The issues to consider in this proceeding are:

- 1. Whether the investments and associated costs for the resources qualify for recovery,
2. Whether the incurred costs are reasonable and prudent, and
3. Whether the rate adjustments are consistent with the terms of MDU's tariff.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearing must be received by January 1, 2022. If deemed appropriate, the Commission can determine the matter without a hearing.

the commissioners on the interest of adding a new license class. This is a tough position as the first reading has a lot of changes that he agrees with but adding the Class M and vote on everything and don't add a vote of license. He states staff have put a ton of work into this ordinance and it might not pass.

City Attorney Christina Wenko sates it is reality of the situation and to simplify it would make sense to gauge first if there is any interest in a Class M license. She states if the commission says yes or no the changes are dramatic and will need to come forward for a second reading. Attorney Wenko recommends to decide on the class first and then adjust the ordinance accordingly. She recommends to keep it simple as possible, starts with going to create a license or not. MOTION BY: John Odermann SECONDED BY: Scott Decker To approve first reading of Ordinance No. 1733 with reading Class M to be beer only off sale.

ORDINANCE NO. 1733 AN ORDINANCE AMENDING AND RE-ENACTING SECTIONS 4.04.010, 4.08.030, 4.08.060, 4.08.070, 4.08.075, 4.08.170, 4.08.180, 4.08.200, 4.08.230, 4.08.240, 4.08.270, 4.08.280 AND ENACTING SECTION 4.08.065 OF ARTICLE 4 OF THE MUNICIPAL CODE OF THE CITY OF DICKINSON, NORTH DAKOTA, RELATING TO ALCOHOLIC BEVERAGES

DISPOSITION: Roll call vote...Aye 4, Nay 1 (Decker), Absent 0 Motion declared duly passed D. Public Comments not on Agenda None 10. COMMISSION Commissioner John Odermann would like for the City to review the gaming code and see how it can be cleaned up and add on some guidance. He states it is libertarian whom can't do something that is not codified. He states it is important for the commissioners to have this conversation to have guidance to make decisions. Commissioner Odermann commends Administrator Winningham on doing a great job with the Youth Commission.

City Administrator Brian Winningham states the code should be written so common citizen can understand it. He states if a code does not say that is prohibited then it must be allowed. Society has good judgment so the intent of the statement would bring us an application and would consider something differently. We have to have a society with good judgment coming before this board and not to have so many laws. This is why the Commissioners were elected. Commissioner John Odermann states the government does not always know the right decision. Commissioner Suzi Sobolik states she did hear that a citizen was not able to find the updated ordinance online for the alcohol She feels the website is something that needs to be reviewed again.

City Administrator Brian Winningham states there will be a more formal presentation coming in regards to the city hall but he is hoping that everyone will be moved over by the end of December. Administrator Winningham states there have been some challenges. The time line is very aggressive and work is being done fairly diligently. He states when utility billing and other public counter is ready over at the new city hall then the move will take place.

Commissioner Jason Fridrich states Class D license does restrict gaming in a restaurant. ADJOURNMENT MOTION BY: Suzi Sobolik SECONDED BY: Jason Fridrich Adjournment of the meeting 7:25 P.M. NOTICE OF OPPORTUNITY FOR HEARING
 November 17, 2021
 On November 1, 2021, Montana-Dakota Utilities Co. (MDU) filed a change to its Renewable Resource Cost Adjustment (RRCA) rates. The new rates reflect projected costs through December 31, 2022 related

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION Montana-Dakota Utilities Co. Case No. PU-21-421 Generation Resource Cost Recovery Rates NOTICE OF OPPORTUNITY FOR HEARING November 17, 2021 On November 1, 2021, Montana-Dakota Utilities Co. (MDU) filed a change to its Generation Resource Recovery Rate (GRRR) rates. The new rates reflect projected costs through December 31, 2022 related to investment in the Lewis & Clark reciprocating internal combustion engine units and reflect a projected over-collected balance of the current GRRR as of December 31, 2021. The effect of the rate change on the bill for a residential customer using 894 kWh per month is a decrease of \$0.03 per month. The issues to consider in this proceeding are: 1. Whether the investments and associated costs for the resources qualify for recovery, 2. Whether the incurred costs are reasonable and prudent, and 3. Whether the rate adjustments are consistent with the terms of MDU's tariff. Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearing must be received by January 1, 2022. If deemed appropriate, the Commission can determine the matter without a hearing. NOTICE OF OPPORTUNITY FOR HEARING

November 17, 2021
 On November 1, 2021, Montana-Dakota Utilities Co. (MDU) filed a change to its Renewable Resource Cost Adjustment (RRCA) rates. The effect of the rate change on the bill for a residential customer using 894 kWh per month is a decrease of \$1.20 per month.

The issues to consider in this proceeding are:

- Whether the investments and associated costs for the resources qualify for recovery,

Faith Lutheran to Hold Holiday Fest on December 4th

Special to Times-Record
 Faith Lutheran Church is gearing up for a Holiday Fest to be held on Sat., Dec. 4 at the church, 309 4th Street NE, Valley City.

Faith will be hosting a Holiday Fest instead of our annual Fall Festival, usually held in October. The church will not be serving a lunch this year, however, our youth will be selling 'soup to go'. Knoephla and chicken wild rice are two of the soups that will be available. The 'soup to go' is a fundraiser supporting the youth programs at Faith, which, this year, includes several youth attending the National Youth Gathering in Minneapolis, MN next summer.

The hours of the Holiday Fest will be 10 a.m.-1 p.m. Masks will be available for those wanting to mask up.

The Holiday Fest will

Faithful and "Sew Busy" Quilters. Submitted photo

feature a craft, bake sale and gift baskets. The baked goods will include Norwegian goodies (lefse and krumkake), donuts, breads, cookies, bars, home canned items and more.

The Faithful and "sew busy" quilters will also be selling their quilts. Last year these amazing people made beautiful quilts which they gave to hospi-

tals, the local nursing home, APOC, Red Willow Bible Camp, Churches United and Lutheran World Relief. They also gave a quilt to each of the Faith Lutheran high school graduates. The remaining quilts were sold at the Fall Festival. The quilts are lovely and seem to get more beautiful each year.

The proceeds from

the Fall Festival/Holiday Fest are used to support over 29 different local and state agencies/organizations and ELCA missions worldwide.

Faith Lutheran welcomes you to come, shop and enjoy some great fellowship. It will be a fun way to do your holiday baking and Christmas shopping. We hope to see you there.

Case No. PU-21-421
Generation Resource Cost Recovery Rates
NOTICE OF OPPORTUNITY FOR HEARING
November 17, 2021

On November 1, 2021, Montana-Dakota Utilities Co. (MDU) filed a change to its Generation Resource Recovery Rate (GRRR) rates. The new rates reflect projected costs through December 31, 2022 related to investment in the Thunder Spirit Wind Project, Cedar Hills Wind Project, and Diamond Willow Wind Project, and reflect a projected over-collected balance of the current GRRR as of December 31, 2021.

The effect of the rate change on the bill for a residential customer using 894 kWh per month is a decrease of \$0.03 per month.

The issues to consider in this proceeding are:

1. Whether the investments and associated costs for the resources qualify for recovery.
2. Whether the incurred costs are reasonable and prudent, and
3. Whether the rate adjustments are consistent with the terms of MDU's tariff.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearing must be received by January 1, 2022. If deemed appropriate, the Commission can determine the matter without a hearing.

A mug of hot apple cider is a special treat on a cold day.

Dakota Gardener: Growing Apples for Cider

BY TOM KALB

Have you ever drank a mug of farm-fresh cider? It's absolutely delicious! Homegrown apple cider is much richer and more flavorful than what you can buy at the grocery store.

I was raised on an apple farm in Minnesota. Every fall we would crush our small apples in a cider press to make jugs of cider to share with friends. Our arms would be weary after cranking the machine for hours, but it was worth it.

Nothing tasted better on a cold day in winter.

After sliding down

snowy hills or shoveling snow as a boy, I can recall the aroma of hot cider in the kitchen. The warm mug would comfort my frozen fingers.

Add a cinnamon stick to your mug, and you are in heaven!

You can grow your own cider (sweet or hard). It's one of the most popular trends in fruit-growing today.

Cider apple trees may be ordered now from fruit nurseries. You buy them as bareroot trees that will be shipped next spring. A sampling of nurseries includes Cummins, Fedco,

Grandpa's Orchard, Maple Valley, Raintree, Stark Bros. and St. Lawrence.

Now is the time to take action. Cider trees are in great demand and some varieties have already sold out for planting next spring.

Know your Hardiness Zone (3 or 4). The northern quarter of our state is in Zone 3. This includes land north of Williston, Minot and Grafton. The remainder of the state is in "balmy" Zone 4.

Almost any variety of apple will make delicious apple cider, but some varieties will

make an exceptional beverage.

Russet varieties are famous for making the finest cider. These rough-skinned apples have sweet and intense flavors. The hardiest russet is Minnesota 1734.

Other good cidemakers for Zone 3 include Whitney crabapple, Chestnut crabapple and Frostbite apple. Frostbite is a grandfather of Honeycrisp.

Gardeners in Zone 4 have additional options. Golden Russet has been called the "champagne" of ciders. Redfield has red flesh that will make

your cider turn blood red. Wow!

Ashmead's Kernel is famous for its pear-like flavor and rich aroma. Liberty resists diseases and is easy to grow. Cortland, Yarlington Mill and Fameuse will make great cider.

Besides selecting the variety, you need to consider the rootstock your tree will grow on. "Standard" rootstocks are usually used in Zone 3. These trees are very hardy, grow vigorously and will require lots of pruning to keep at a manageable height.

Semi-dwarf rootstocks are often used in Zone 4

because they bear crops earlier, grow shorter, and are easier to manage.

Small-scale fruit grinders and presses are available to process the apples.

If you have room for a cider tree in your backyard, I encourage you to plant one. It will fill your home with warmth and wonderful memories.

PUBLIC SERVICE COMMISSION

Case No. PU-21-420
Renewable Resource Cost Recovery Rates
NOTICE OF OPPORTUNITY FOR HEARING
November 17, 2021
On November 1, 2021, Montana-Dakota Utilities Co. (MDU) filed a change to its Renewable Resource Cost Adjustment (RRCA) rates. The new rates reflect projected costs through December 31, 2022 related to investment in the Thunder Spirit Wind Project, Cedar Hills Wind Project, and Diamond Willow Wind Project, and reflect a projected over-collected balance of the current RRCA as of December 31, 2021. The effect of the rate change on the bill for a residential customer using 894 kWh per month is a decrease of \$1.20 per month. The issues to consider in this proceeding are:
1. Whether the investments and associated costs for the resources qualify for recovery,
2. Whether the incurred costs are reasonable and prudent, and
3. Whether the rate adjustments are consistent with the terms of MDUs tariff. Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearing must be received by January 1, 2022. If deemed appropriate, the Commission can determine the matter without a hearing. For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400, or Relay North Dakota 1-800-366-6888 TTY.
