RE: ERRATA – MISC. TARIFF MODIFICATION  
CASE NO. PU-21-433

Dear Mr. Kahl:

Northern States Power Company, doing business as Xcel Energy, submits this Errata to the Company's Compliance Filing in the above noted cases.

On February 18, 2022, the Company filed its tariff Compliance Filing and subsequently realized sections 1.2 Service Charges, 1.3 Access to Customer's Premises, and 1.4 Continuity of Service were inadvertently excluded from ND Electric Rate Book – NDPSC No. 2, Sheet No. 6-1; revision 4 and ND Electric Rate Book – NDPSC No. 2, Sheet No. 6-1.1, original in both the clean and legislative versions as provided in our filing.

I apologize for this oversight. Enclosed are an original plus two additional copies of the corrected tariff sheets.

If the Commission or staff has any questions, please contact me.

Sincerely,

DAVID H. SEDERQUIST  
SR. CONSULTANT, REGULATION/FINANCE

cc: Pat Fahn

**SECTION 1 - GENERAL SERVICE RULES**

**1.1 APPLICATION FOR SERVICE**

A party desiring electric service must make application to the Company before commencing the use of the Company's service. The Company reserves the right to require a signed application or written contract for service to be furnished. All applications and contracts for service must be made in the legal name of the party desiring the service. The Company may refuse an applicant or terminate service to a customer who fails or refuses to furnish information requested by the Company for the establishment of a service account. Any person who uses electric service in the absence of application or contract shall be subject to the Company's rates, rules and regulations, and shall be responsible for payment of all service used. Consistent with the North Dakota Uniform Electronic Transactions Act codified in Chapter 9-16 of the North Dakota Century Code, and any successor thereto, both click-and-agree and digital signatures may be allowed on customer forms. However, the Company may still insist on original hard copy signatures. Where electronic signatures are provided, they shall have the same effect as original signatures. Electronically stored versions of such documents shall have the same validity as the original.

When required by governmental authority, a customer desiring new service or expanded service must first make application for and receive written approval from the Company.

Any customer using service without first notifying and enabling the Company to establish an initial meter reading may be held responsible for any amounts due for service supplied to the premises from time of last reading reported immediately preceding their occupancy.

Subject to its rates, rules, and regulations, the Company will continue to supply electric service until notified by customer to discontinue the service. The Customer will be responsible for payment of all service furnished through the date of the discontinuance.

Any customer desiring termination of service shall so notify the Company a minimum of five (5) working days in advance so the service may be discontinued on a mutually agreeable date. Customers failing to give proper notice of intent to vacate the premises may be held responsible for use of service until a meter reading acceptable to the Company is obtained.

If any combination of electric or gas services requested by a customer and furnished by the Company is established or reestablished at the same time and location, only the greater of the corresponding electric or gas utility service charges will apply.

If a customer requests reestablishment of service at a location where the same customer discontinued the same service within the preceding 12 month period, an additional reconnection fee will be assessed equal to the sum of the monthly minimum charges applicable during the period service was not taken. This fee is in addition to the Service Processing Charge indicated above. If the customer requests that the service be physically disconnected and subsequently reconnected within the 12 month period, the Service Reconnection Charge applies rather than the Service Processing Charge

## **SECTION 1 - GENERAL SERVICE RULES**

### **1.2 SERVICE CHARGES**

- A. Service Processing Charge:  
The Company will assess a \$15.00 processing charge for the initial establishment of service for each customer.
- B. Service Reconnection Charge:  
The Company will assess \$50.00 for reconnecting service that has been disconnected for non-payment.
- C. Service Relock Charge  
The Company will charge \$100.00 for reconnecting service where the Company has disconnected service for non-payment and subsequently returned to relock the service after it was reconnected without Company authorization.

### **1.3 ACCESS TO CUSTOMER'S PREMISES**

Company representatives, when properly identified, shall have access to customer's premises at all reasonable times for the purpose of reading meters, making repairs, making inspections, removing the Company's property, or for any other purpose incident to the service.

### **1.4 CONTINUITY OF SERVICE**

The Company will endeavor to provide continuous service but does not guarantee an uninterrupted or undisturbed supply of electric service. The Company will not be responsible for any loss or damage resulting from the interruption or disturbance of service for any cause other than gross negligence of the Company. The Company will not be liable for any loss of profits or other consequential damages resulting from the use of service or any interruption or disturbance of service.
