Caliber Pipeline Project  
McKenzie County  
Case No. PU-21-441  
Our File No. 019931-000001**

Dear Mr. Kahl:

Please find enclosed correspondence from McKenzie County dated January 23, 2023 pertaining to the status of approach permitting for Caliber's 2.62 mile, 8-inch natural gas pipeline ("the Project"). At the Project's April 6, 2022 public hearing, Caliber testified it was in the process of coordinating with McKenzie County regarding the status of an approach permit for the Project. The attached correspondence is provided as an update regarding the status of that permitting. In accordance with the enclosed correspondence, the County has informed Caliber that no permitting will be required for the existing approach.

Please feel free to contact me if you have any questions. Thank you.

Sincerely,

Casey A. Furey
