**RE: OEE XXXI LLC's Application for a Certificate of Site Compatibility for the Dickinson Renewable Diesel Facility Wind Turbine Project
Case No. PU-21-445**

Dear Mr. Kahl:

OEE XXXI LLC ("OEE") provides this letter to update the North Dakota Public Service Commission ("Commission") on the status of its Dickinson Renewable Diesel Facility Wind Turbine Project ("Project"). OEE is currently in the process of making design changes to the Project. As a result, OEE has withdrawn its Conditional Use Permit Application filed with Stark County, and requests that the Commission process not move forward until OEE has finalized the Project design changes (anticipated to occur in the next 4-6 weeks). This information has been shared with Commission Staff, who requested that OEE provide this formal update to the Commission.

A copy of this letter is enclosed, and an electronic copy has been filed with the Commission today via e-mail. If you have any questions, please let me know.

Sincerely,

MOLLIE M. SMITH
