**Re: Continental Resources, Inc.  
Buddy Domindgo Pipeline Project  
Case No. PU-22-141**

Dear Mr. Kahl:

As a follow up to the above-referenced application filed by Continental Resources, Inc., and the hearing on June 6<sup>th</sup>, 2022, please find attached herewith the Affidavit of Todd Hartleben and a corrected table which initially appeared on pages 24 and 25 of the Continental application. The attached affidavit and corrected table are being submitted in both redline and clean versions so that the corrections can be more easily identifiable.

As you will note on the line item of the table listed "Other Historic Resources not Meeting Exclusion or Avoidance Areas Criterion," all references now correctly reflect "No" because there are no other historic resources not meeting Exclusion or Avoidance areas within the Corridor and within the Survey Corridor. Further, the line item of the table listed "Areas within 500 Feet of a Residence, School, or Place of Business," now correctly reflects that there is such a structure within the Corridor and within the Survey Corridor. As you know, however, a license has been obtained from the owner of the structure.

Should you have any questions, please advise.

Sincerely,

LAWRENCE BENDER
