Montana-Dakota Utilities Co.
2022 Electric Rate Increase
Application

Case No. PU-22-194

NOTICE OF PUBLIC INPUT SESSIONS

Public Input Sessions on the application in the case enumerated above will be held on **April 5, 2023, at 12:00 p.m. central time and continue until comments are finished** and **April 5, 2023, at 5:00 p.m. central time and continue until comments are finished in the Commission Hearing Room, 12th Floor, State Capitol, Bismarck, North Dakota 58505.**

On May 16, 2022, Montana-Dakota Utilities Co. (MDU) filed with the Commission an increase in rates for electric service. MDU's proposed rates would result in an increase in its annual North Dakota electric service revenue of \$25,365,558, or a 12.3 percent increase over current rates. Interim rates subject to refund were approved on July 14, 2022.

The Commission will be holding Public Input Sessions on the rate increase request.

The issues to be considered in this matter are:

1. What is the value of MDU's property, used and useful, for the service and convenience of the public in North Dakota?
2. What is MDU's rate of return on its property, used and useful, for the service and convenience of the public in North Dakota?
3. What is a just and reasonable rate of return on MDU's property, used and useful, for the service and convenience of the public in North Dakota?
4. What rates and charges are necessary to provide a just and reasonable rate of return on MDU's property, used and useful, for the service and convenience of the public in North Dakota?
5. Are MDU's rate schedules designed in such a manner that they result in a basis of charge to its customers that is just and reasonable without discrimination?
