ORDER CERTIFYING USE OF FEDERAL UNIVERSAL SERVICES SUPPORT

September 7, 2022

Section 254(e) of the Telecommunications Act of 1996 (Act) requires that telecommunications carriers use universal service support “only for the provision, maintenance, and upgrading of facilities and services for which support is intended.” Code of Federal Regulations Title 47, Section 54.314 requires: “States that desire eligible telecommunications carriers to receive support pursuant to the high-cost program must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.” State certification must be filed no later than October 1 of each year in order for certified telecommunications carriers to receive support for the following year, 47 C.F.R. § 54.314(d).

On August 28, 2002, the North Dakota Public Service Commission (NDPSC) issued an order in Case No. PU-439-02-441 indicating that any telecommunications carrier providing local exchange service in North Dakota that desires to have NDPSC certification to the FCC under 47 C.F.R. §54.314 shall file an affidavit with the NDPSC as described in the order, certifying that federal support they receive is used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended as required by Section 254(e). The NDPSC further ordered that affidavits filed with the NDPSC will be the basis for the NDPSC’s certification to the FCC.

Affidavits regarding use of federal universal service support were filed with the NDPSC by the companies listed in the ordering clause below.

Under North Dakota law, the NDPSC has limited jurisdiction over rural telecommunications carriers. The FCC in its order recognized that some states have only limited regulatory oversight to ensure that federal universal support is reflected in intrastate rates and concluded that such states may nonetheless certify to the FCC that carriers in the state had accounted to the state commission for receipt of federal support, and that the support will be used as required under Section 254(e). (See Fourteenth R&O at ¶ 188). The FCC also recognized that some carriers may not be subject to the jurisdiction of a state regulatory authority, and in those instances carriers can certify directly to the FCC by means of a sworn affidavit executed by a corporate

officer attesting to the use of the support only for purposes permitted under the Act. (See Fourteenth R&O at ¶ 189).

Based on the discussion above, the NDPSC issues the following:

Order

1. The NDPSC certifies that the following Eligible Telecommunications Carriers providing local exchange service in North Dakota have accounted to the NDPSC by affidavit that all federal support that was used in the preceding calendar year and all federal support that will be used in the coming calendar year will be used for the provision, maintenance, and upgrading of facilities and services for which the support is intended, under and consistent with Section 254(e) of the Act and 47 C.F.R. § 54.101, throughout the company's study area.

**AFFIDAVIT OF
BADLANDS CELLULAR OF NORTH DAKOTA LIMITED PARTNERSHIP REGARDING
CERTIFICATION OF USE OF FEDERAL UNIVERSAL SERVICE SUPPORT**

The undersigned, being first duly sworn on oath, does hereby declare and state upon affiant's own personal knowledge as follows:

1. Affiant is the corporate officer responsible for certifying the use of high-cost federal universal service support (hereinafter "Support") by Badlands Cellular of North Dakota Limited Partnership (hereinafter "Company").

2. The Company is an eligible telecommunications carrier within the meaning of Section 214(e) of the Federal Telecommunications Act of 1996 (hereinafter "Act"), and the Company is eligible to receive federal Support pursuant to Section 254(e) of the Act. By Order dated February 25, 2004, in Case No. PU-1226-03-597, the North Dakota Public Service Commission (hereinafter "NDPSC") designated the Company as an eligible telecommunications carrier. The Universal Service Administrative Company ("USAC") has assigned study area code ("SAC") 389009 to the Company.

3. Affiant is personally familiar with all of the Support to be received by the Company, and with how the Company will use all of the Support that it receives.

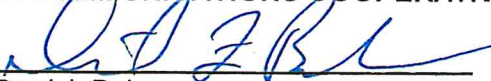

4. The Company is filing this affidavit in compliance with 47 C.F.R. § 54.314, which requires certification by the state to the FCC and USAC that all high-cost federal Support will be used by carriers within each state only for the provision, maintenance, and upgrading of facilities and services within which the Support is intended, as required by Section 254(e) of the Act and 47 C.F.R. § 54.7. The Company is also filing this affidavit in compliance with the NDPSC's Orders concerning certification as to the use of federal Support, including the NDPSC's August 28, 2002 Order in Case No. PU-439-02-441 and the June 7, 2022 Notice issued by Victor Schock in Case No. PU-22-230. This affidavit is filed to facilitate the Company's receipt of federal Support for all four quarters of 2023.

5. The Company hereby certifies that the federal Support received during the preceding calendar year, and to be used in the coming calendar year, was and will be used only for the provision, maintenance, and upgrading of facilities and services for which the Support is intended, pursuant to and consistent with Section 254(e) of the Act and 47 C.F.R. § 54.7 and 54.314.

Company will use the Support for the following services, as designated in 47 C.F.R. Section 54.101, throughout the Company's study area: (a) voice grade access to the public switched network or its functional equivalent; (b) minutes of use for local service at no additional charge; (c) access to emergency services; and (d) toll limitation services to qualifying low-income consumers.

IN THE MATTER OF THE REQUEST OF)
MIDCONTINENT COMMUNICATIONS FOR) ANNUAL ETC CERTIFICATION
CERTIFICATION REGARDING ITS USE OF) FILING AND SUBMITTAL
FEDERAL UNIVERSAL SERVICE SUPPORT.) PURSUANT TO N.D.A.C. § 69-09-05-12.1

Midcontinent Communications (“Midcontinent”), by and through its attorney, makes this filing to seek certification from the Federal Communications Commission (the “FCC”) as is required under 47 CFR 54.313 and to comply with the Commission’s rules pertaining to ETCs. As part of this filing, Midcontinent offers the following:

1. Pursuant to 47 C.F.R. § 54.314, each carrier that has been designated as an eligible telecommunications carrier (“ETC”) that is eligible to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (“USAC”) stating that federal high-cost support provided to the carrier will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support and safety valve support). Support provided under these FCC rule provisions will only in the future be made available if the State Commission files the requisite certification pursuant to 46 C.F.R. § 54.314.

2. The certification required to receive federal universal service support for all four quarters during calendar year 2023 is currently due to be filed with the FCC and USAC on or before October 1, 2022. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the State are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance and upgrading of facilities and services for which the support is intended.

3. Midcontinent is a competitive local exchange telephone company that has previously been designated by this Commission as a Competitive ETC (CETC). Midcontinent provides local exchange telephone services, including all of the essential services that are included in federal definition of universal service within its established service area in South Dakota, North Dakota, Kansas and Minnesota.

4. As required by the provisions of §54.313(a)(3), Midcontinent is committed to providing service throughout its existing service areas to all customers making a reasonable request for service. Midcontinent has, since 2005, served as a competitive eligible telecommunications carrier within its

established service areas. Midcontinent already has extended wireline local exchange network facilities throughout its service area as necessary to make all essential local exchange services that are support by federal universal service available to end-user customers within its service area. Consistent with its past practice, Midcontinent hereby certifies that it will provide service on a timely basis to all requesting customers within its designated ETC service area. In certain cases, the provisioning of this service may require a customer in a new location to first meet the requirements of Midcontinent's line extension policies. These line extension policies are, however, consistent with the requirement under both federal and state law to meet all reasonable requests for service. In 2021, Midcontinent fulfilled all requests for telephone service in its service area. Midcontinent certifies that it is complying with applicable service standards and consumer protection rules. Midcontinent also certifies that in those exchanges where service is being offered, it offers local usage plans comparable to the incumbent local exchange provider.

5. Midcontinent certifies that it has the ability to remain functional in emergency situations as required by the provisions of §54.313(a)(6). Midcontinent is currently in compliance with this Commission's "auxiliary and battery power requirements" set forth in §54.202(a)(2).

6. In accordance with §54.314, Midcontinent certifies that all federal high-cost support received during 2021 was and will be used for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

7. Midcontinent certifies that it does provide equal access to long distance carriers.

8. In addition to the information included in CONFIDENTIAL Exhibit A, the following information is provided to meet the Commission's "Certification requirements" set forth in ND Administrative Code §69-09-05.12.1:

- Midcontinent's service quality improvement plan is to continue to upgrade its telecommunications facilities and equipment as necessary to meet evolving service requirements and maintain high quality service throughout its service area. As a competitive local exchange carrier, Midcontinent upgrades and replaces facilities and equipment as necessary. In furtherance of its service quality improvement plan, Midcontinent will use any high-cost universal service amounts received by it to offset expenditures incurred as it continues to upgrade and replace facilities and equipment. In addition, Midco will provide service to underserved and unserved areas as required by the particular high cost program funding awarded. Midcontinent's Actual Capital Expenditures for 2021 and Estimated 2021 Capital Expenditures are attached as CONFIDENTIAL Exhibit B.
- During calendar year 2021, Midcontinent did not experience any unplanned service outage affecting at least 10 percent of its end user customers, for a period lasting longer than 30 minutes.

- Midcontinent was able to provide service to all potential customers that requested service during 2021, and as of December 31, 2021, Midcontinent had no unfulfilled requests for service.
- During 2021, Midcontinent Communications did not receive any complaints.

9. An eligible telecommunications carrier, under ND Administrative Code § 69-09-05-12.1, is also required to demonstrate annually of its Lifeline and Link-up assistance program outreach. Midcontinent's Lifeline outreach program includes information and application form on its website, www.midco.com/internetassistance.

Midcontinent's telephone service brochures and the handbooks provided to new telephone customers provide information on the availability of Lifeline assistance. Also, at least annually Midcontinent advises customers of the program through statement messaging, during 2021 messages ran in September. Midcontinent also ran commercial spots on cable TV periodically during 2021. All Lifeline Advertising and Outreach campaigns are provided in Exhibit C.

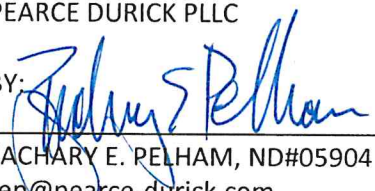

Based on all of the forgoing information including the information provided on Confidential Exhibits A, and B, Midcontinent requests that this Commission issue an appropriate certification to the FCC and USAC indicating that Midcontinent Communications is in compliance with 47 U.S.C. § 254(e) and should receive all federal universal service support determined for distribution to Midcontinent in 2023. In order to ensure that certification is issued to the FCC prior to October 1, 2022, Midcontinent would further ask the Commission to expedite the process that is initiated based on this filing.

Dated this 30th day of June, 2022.

Respectfully Submitted,

The North Dakota Public Service Commission (hereinafter, the "NDPSC") has designated the Company as an eligible telecommunications carrier.

3. Affiant is personally familiar with all of the Support received by the Company, and with how the Company uses all of Support that it receives.

4. The Company is filing this affidavit in compliance with the order of the Federal Communication Commission (hereinafter, "FCC") dated May 23, 2001, in WC Docket Number 10-90 and WC Docket Number 14-58 (FCC 01-157) (hereinafter, the "Order"), as codified in 47 C.F.R. § 54.314, which requires certification to the FCC that all federal Support was used in the preceding calendar year and will be used in the coming calendar year by carriers within each state only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, as required by Section 254(e) of the Act and 47 C.F.R. § 54.7. The Company is also filing this affidavit in compliance with the Orders of the NDPSC dated August 28, 2001, in Case No. PU-439-01-460 and dated August 28, 2002, in Case No. PU-439-02-441. This affidavit is filed to facilitate the Company's receipt of federal Support for all four quarters of 2022 and all quarters thereafter.

5. The Company hereby certifies that all federal high-cost support provided to Nemont Telephone Cooperative, Inc. was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended pursuant to and consistent with Section 254(e) of the Act and 47 C.F.R. § 54.7. The Company will use the Support for the following services, as designated in 47 C.F.R. Section 54.101, throughout the Company's study area: (a) voice grade access to the public switched network or its functional

equivalent; (b) minutes of use for local service at no additional charge; (c) access to emergency services; and (d) toll limitation services to qualifying low-income consumers.

ANNUAL REPORT TO THE NORTH DAKOTA PUBLIC SERVICE COMMISSION

ESSENTIAL TELECOMMUNICATIONS CARRIER CERTIFICATION

The undersigned, on behalf of the telecommunications company named below (the Company), does hereby state and certify, as follows:

1. The Company will provide service on a timely basis to requesting customers within the Company's designated service area where the Company's network already passes the potential customer's premises, and

2. The Company will provide service, within a reasonable period of time, if the potential customer is within the Company's designated service area but outside the Company's existing network coverage, if service can be provided at a reasonable cost by:

- a. Modifying or replacing the requesting customer's equipment;
- b. Deploying a roof-mounted antenna or other equipment;
- c. Adjusting the nearest cell tower;
- d. Adjusting network or customer facilities;
- e. Reselling services from another carrier's facilities to provide service; or
- f. Employing, leasing, or constructing an additional cell site, cell extender, repeater, or other similar equipment.

3. The Company is able to remain functional in emergency situations and has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

4. The Company is satisfying and will satisfy applicable consumer protection and service quality standards. (If wireless service is involved, the Company has and will comply with the Cellular Telecommunications and Internet Association's Consumer Code for wireless service. If a wireless service complies with another standard, that is explained herein.)

5. If the Company is a non-incumbent local exchange carrier, it will offer a local usage plan comparable to the one offered by the incumbent local exchange carrier in the designated service area.

6. The Company acknowledges that the North Dakota Public Service Commission (the Commission) may require it to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the proposed designated service area. (If wireless carriage is involved, the Company acknowledges that the Federal Communications Commission may require the Company to provide equal access to long distance carriers in the event no other eligible telecommunications carrier is providing equal access within the designated service area.)

7. The Company has met and will meet the requirements of eligible telecommunications carrier advertising. This includes:

- a. A full description of available services in the Company's official telephone directory, including the process to be used by customers to qualify for lifeline and link-up service.
- b. Advertising of the availability of universal service in media of general circulation in the Company's designated service area. Availability may be advertised in newspapers, company newsletters, company or civic internet sites, bill stuffers, direct mailings, or other means intended to convey availability throughout the designated service area.

Exhibit A Information

(Reference to Exhibit A in this document is not intended to waive any rights this company has to claim that Exhibit A contains confidential and proprietary information.)

The following information is provided in Exhibit A attached hereto and incorporated herein by reference:

1. A description of the amount of high-cost universal service support received by the Company in the prior calendar year and a description of how that support was used for the provision, maintenance, or upgrading of the Company's facilities and services. (An explanation of any changes from reports previously provided to the Commission is also included.)

2. An estimate of the amount of federal high-cost universal service support the Company anticipates receiving in the following calendar year (the calendar year following this report) and a description of how that support is projected to be used for the provision, maintenance, or upgrading of the Company's facilities and services pursuant to Section 254 of the Telecommunications Act of 1996.

3. Exhibit A also contains, for the prior calendar year and the subsequent calendar year (the calendar year following this report), identification of specific construction or upgrade projects; a description of how service will be improved by each project; the start date and completion date for each improvement; the amount of investment for cash improvement; the specific geographic area where each improvement was made or will be made; and the estimated population that will be served by each improvement. (For an incumbent local exchange carrier (ILEC), this information is submitted at the study area level. For another eligible carrier, this information is submitted at the study area level of the ILEC. If a study area level or designated service area includes geographic areas in more than one state, the information is also submitted at the North Dakota level.)

4. Detailed information of any outage, as that term is defined in 47 C.F.R. § 4.5, of at least thirty (30) minutes in duration for each designated service area for any facilities the Company owns, operates, leases, or otherwise utilizes that potentially affect:
 - a. At least ten percent (10%) of the end users served in a designated service area, or
 - b. A 911 special facility, as defined in 47 C.F.R. § 4.5(e).

This report includes:

- a. The date and time of the onset of the outage,
- b. A brief description of the outage and its resolution,
- c. The particular services affected,
- d. The geographic areas affected by the outage,
- e. Steps taken to prevent a similar outage in the future, and
- f. The number of customers affected.

(If applicable, a copy of the FCC outage report that includes this information may be attached.)

5. The number of requests for service from potential customers within the designated service area that were unfilled during the past year. A detail of how the Company attempted to provide service to those potential customers is also included.

6. The number of complaints per thousand handsets or lines.

I hereby certify that the above information is true and correct and is submitted on behalf of the Company named below. The information is submitted in the year 2018.
