To whom it may concern:

Coyote Creek Mining Company has filed an application for Revision No. 12 to Surface Coal Mining Permit No. NACC-1302 at the Coyote Creek Mine. Revision No. 12 adds design information for three sedimentation ponds P24-05, P24-06, and P25-03. The design information for these ponds can be found in Section 3.3 (Surface Water Management) of the permit. The revision also modifies the post-mine topography in Sections 6 and 7, T142N, R88W; and Section 1, T142N, R89W. Additional updates or modifications to the permit include introductory, legal, financial, compliance information, environmental, operation plans, and reclamation sections.

A copy the permit revision application is enclosed for your agency's evaluation as an Advisory Committee member as stipulated by NDAC 69-05.2-10-01(2). A permit Table of Contents is accessible from the web browser home page. Please refer to pages 34 through 35 of Section 1.1.2 (Revision Summary Pages) for a list of Revision No. 12 proposed changes. Please review your agency's areas of responsibility and technical expertise for the revision application and reply with any comments by August 29, 2022.

Please contact our office with any questions.
