	<u>Originating</u>	<u>Originating</u>	<u>Terminating</u>
	<u>Non-Toll Free</u>	<u>Toll Free Only</u>	

2. End Office Shared Port	.003801	Note 1	.000000
---------------------------	---------	--------	---------

The End Office Shared Port rate provides for the termination of common transport trunks in shared end office ports and in remote switching system or module (RSS or RSM) ports. The End Office Shared Port rate is assessed on a per-MOU basis to all trunkside originating and terminating access minutes utilizing tandem routing to an end office. If tandem routing is being utilized to a RSS or RSM (via a host office), the shared port rate is assessed to the access minutes originating or terminating from that RSS or RSM and is not assessed at the host office. If the customer has requested direct routing from the SWC to a RSS or RSM (via a host office), the End Office Shared Port rate is assessed to the access minutes originating or terminating from the RSS or RSM. This rate is in addition to the End Office Dedicated Trunk Port rate assessed for the dedicated trunk terminating in the host office as described below. The portcharge is not assessed to FGA or DA traffic.

*The Joint Tandem Switched Transport rate element applies per tandem to originating toll free minutes only in lieu of the Tandem Switched Facility, Tandem Switched Termination and Tandem Switching rate elements as of July 1, 2021.

Note 1 - Rate concurs with Consolidated Communications Enterprise Services, Inc. Tariff F.C.C. No. 2 – North Dakota.
